## Public Members

The public members of the Conference are drawn from the general public. They are typically leading authorities in administrative law, public administration, or other areas of interest to the Conference. Most public members are lawyers, but some are experts in other disciplines. The public members come primarily from academia, law firms, and public interest organizations.

Public members are appointed by the Chairman with the approval of the Council. They serve two-year terms (except that, of the initial public members, half will be randomly selected to serve an initial one-year term, so that the terms can be staggered). Public members may be reappointed and may serve a total of three consecutive two-year terms.
