Semiannual Regulatory Agenda, Fall 2004

AGENCY: Office of the Secretary, USDA.

ACTION: Semiannual regulatory agenda.

SUMMARY: This agenda provides summary descriptions of significant and not significant regulations being developed in agencies of the U.S. Department of Agriculture (USDA) in

conformance with Executive Order 12866 "Regulatory Planning and Review." The agenda also describes regulations affecting small entities as required by section 602 of the Regulatory Flexibility Act, Public Law 96-354. This agenda also identifies regulatory actions that are being reviewed in compliance with section 610(c) of the Regulatory Flexibility Act. We invite public comment on those actions.

USDA has attempted to list all regulations and regulatory reviews pending at the time of publication except for minor and routine or repetitive actions, but some may have been inadvertently missed. There is no legal significance to the omission of an item from this listing. Also, the dates shown for the steps of each action are estimated and are not commitments to act on or by the date shown.

For this edition of the USDA regulatory agenda, the most significant regulatory actions are included in part II of this issue of the **Federal Register**. The Regulatory Plan entries are listed in the table of contents below and are denoted by a bracketed bold reference, which directs the reader to the appropriate sequence number in part II.

FOR FURTHER INFORMATION CONTACT: For further information on any specific entry shown in this agenda, please contact the person listed for that action. For general comments or inquiries about the agenda, please contact Michael Poe, Office of Budget and Program Analysis, U.S. Department of Agriculture, Washington, DC 20250, (202) 720-1272.

Dated: October 12, 2004.

Geraldine Broadway,
Chief, Legislative and Regulatory Staff.

Agricultural Marketing Service—Prerule Stage

Sequence Number	Title	Regulation Identifier Number
171	National Organic Program: Add Standards for the Organic Certification of Wild Captured Aquatic Animals (TM-01-08) (Reg Plan Seq No. 1)	0581-AB97

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Agricultural Marketing Service—Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
172	Quality Systems Verification Program (LS-02-10)	0581-AC12
173	Administrative Requirements for Voluntary Shell Egg, Poultry, and Rabbit Grading (PY-02-003)	0581-AC25
174	Plant Variety Protection Services (ST-02-02)	0581-AC31
175	National Organic Program: Amending the National List (TM-04-01), Crops and Processing	0581-AC35
176	Tobacco Inspection: Flue-Cured and Burley Tobacco; Importation Prohibitions and Tobacco Pesticide Residue Testing Requirements	0581-AC36
177	Honey Research and Promotion (Packer/Importer Board)	0581-AC37
178	National Organic Program: National List—Crops, Livestock, and Processing (TM-04-04)	0581-AC38

Agricultural Marketing Service—Final Rule Stage

Sequence Number	Title	Regulation Identifier Number
179	Exemption of Organic Producers From Research and Promotion/Marketing Order Assessment (PY-02-006)	0581-AC15
180	Mandatory Country of Origin Labeling of Beef, Pork, Lamb, Fish, Perishable Agricultural Commodities, and Peanuts (LS-03-04) (Reg Plan Seq No. 2)	0581-AC26
181	Voluntary Shell Egg Grading Regulation—Facilities and Equipment (PY-03-005)	0581-AC33

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

USDA**Agricultural Marketing Service—Long-Term Actions**

Sequence Number	Title	Regulation Identifier Number
182	National Dairy Promotion and Research Program (DA-02-03)	0581-AC16

Agricultural Marketing Service—Completed Actions

Sequence Number	Title	Regulation Identifier Number
183	Livestock Mandatory Reporting Program—Lamb Amendment (LS-01-08)	0581-AB98
184	Mango Promotion, Research, and Information Order (FV-01-707)	0581-AC05
185	Cotton Classification Services, User Fees for 2004 Crop (CN-03-007)	0581-AC34

Farm Service Agency—Final Rule Stage

Sequence Number	Title	Regulation Identifier Number
186	Remove Tobacco Warehouse Designation Requirements	0560-AH13

Farm Service Agency—Long-Term Actions

Sequence Number	Title	Regulation Identifier Number
187	Amendments to the Standards for Approval of Warehouses for Commodity Credit Corporation Storage Contracts	0560-AE50
188	Regulatory Streamlining of the Farm Service Agency's Direct Farm Loan Programs	0560-AF60
189	Interest Assistance Program	0560-AG46
190	Ocean Freight Claims Administrative Appeal Process	0560-AG49
191	Tobacco Marketing Quota, Cards, Penalty Provisions, Recordkeeping and Reporting	0560-AG52
192	2002 Farm Bill Regulations—Assistance for Livestock Producers	0560-AG76
193	Revision of Indian Tribal Land Acquisition Program Loan Regulations	0560-AG87
194	Clarification of Informal Appeals Procedures	0560-AG88
195	Selection of FSA State and County Committees	0560-AG90
196	Environmental Compliance and Related Concerns	0560-AH02
197	Retaining Preferred Lender Program (PLP) Status, Processing Loss Claims, Payment of Interest Accrued During Bankruptcy, and Redemption Rights Periods for Guaranteed Loans	0560-AH07
198	Debt Collection, Debt Settlement, and Assignment of Payments	0560-AH09
199	Tobacco Marketing Quotas and Price Support	0560-AH14
200	Ewe Lamb Incentive Payment Program	0560-AH15
201	Payment Limitation and Payment Eligibility; Trade Adjustment Assistance for Farmers	0560-AH16
202	Disaster Declaration and Designation	0560-AH17
203	Nonrecourse Marketing Assistance Loan and Loan Deficiency Payment Regulations for Honey	0560-AH18
204	Planting Reporting for Tropical Crops—Noninsured Crop Disaster Assistance Program	0560-AH19
205	Designated Marketing Associations for Peanuts	0560-AH20
206	Policy for Certain Commodities Available for Sale	0560-AH22
207	Conservation Contract Debt Write-down	0560-AH23

Farm Service Agency—Completed Actions

Sequence Number	Title	Regulation Identifier Number
208	Rescheduling Guaranteed Loans With Balloon Payments, Clarification of Annual Analysis Requirements for Guaranteed Lenders, and Subordination Requirements	0560-AG53
209	Revision of Flexible Sugar Marketing Allotment Regulations	0560-AH08
210	Commodity Credit Corporation Procurement of Agricultural Commodities From HUBZone Small Businesses	0560-AH10

USDA

Farm Service Agency—Completed Actions (Continued)

Sequence Number	Title	Regulation Identifier Number
211	Sugar Program Definitions	0560-AH21

Animal and Plant Health Inspection Service—Prerule Stage

Sequence Number	Title	Regulation Identifier Number
212	Animal Welfare; Regulations and Standards for Birds, Rats, and Mice	0579-AB69
213	Revision of the Nursery Stock Regulations (Q.37) (Reg Plan Seq No. 3)	0579-AB85

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Animal and Plant Health Inspection Service—Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
214	Animal Welfare: Marine Mammals; Nonconsensus Language and Interactive Programs	0579-AB24
215	Karnal Bunt Compensation	0579-AB45
216	Methyl Bromide; Authorization as Official Quarantine Use	0579-AB54
217	Importation of Swine and Swine Products From the European Union	0579-AB79
218	Revision of Fruits and Vegetables Import Regulations (Q.56)	0579-AB80
219	Requirements for Requests To Amend 7 CFR Part 319 Import Regulations	0579-AB83

Animal and Plant Health Inspection Service—Final Rule Stage

Sequence Number	Title	Regulation Identifier Number
220	Foot-and-Mouth Disease; Payment of Indemnity (Reg Plan Seq No. 4)	0579-AB34
221	Chronic Wasting Disease in Elk and Deer; Interstate Movement Restrictions and Payment of Indemnity (Reg Plan Seq No. 5)	0579-AB35
222	Agricultural Bioterrorism Protection Act of 2002; Possession, Use, and Transfer of Biological Agents and Toxins ...	0579-AB47
223	Gypsy Moth; Interstate Movement of Regulated Articles (Section 610 Review)	0579-AB55
224	Bovine Spongiform Encephalopathy: Minimal Risk Regions and Importation of Commodities	0579-AB73
225	Karnal Bunt; Revision of Regulations for Importing Wheat	0579-AB74
226	Pine Shoot Beetle Host Material From Canada	0579-AB76
227	Importation of Clementines, Mandarins, and Tangerines From Chile	0579-AB77
228	Importation of Small Lots of Seed Without Phytosanitary Certificates	0579-AB78
229	Mexican Hass Avocado Import Program	0579-AB81
230	Interstate Movement of Sheep and Goats; Approved Livestock Facilities, Identification, and Recordkeeping Requirements	0579-AB84
231	User Fees for Agricultural Quarantine and Inspection Services	0579-AB88

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Animal and Plant Health Inspection Service—Long-Term Actions

174. PLANT VARIETY PROTECTION SERVICES (ST-02-02)**Priority:** Substantive, Nonsignificant**Legal Authority:** 7 USC 2321; 7 USC 2401**CFR Citation:** 7 CFR 97**Legal Deadline:** None

Abstract: This rule will establish a new fee schedule covering various administrative services that stakeholders are not currently charged for by the Plant Variety Protection (PVP) Office. PVP, as provided by the Agricultural Marketing Service is a voluntary, user-fee service, conducted under the authority of the PVP Act of 1970. The Act requires reasonable fees be collected from applicants for plant variety protection in order to cover program expenses. Program obligations and administrative costs have increased and user fees have been falling short of projections. Based on current level of activity, new service fees will generate approximately \$169,000 of new revenue in fiscal year 2003.

RIN: 0581-AC31**175. NATIONAL ORGANIC PROGRAM: AMENDING THE NATIONAL LIST (TM-04-01), CROPS AND PROCESSING****Priority:** Substantive, Nonsignificant**Legal Authority:** 7 USC 6501**CFR Citation:** 7 CFR 205**Legal Deadline:** None

Abstract: On December 21, 2000, the Secretary of Agriculture (Secretary) established within the National Organic Program (NOP) the National List. The National List is the Federal list that identifies synthetic substances and ingredients that are allowed and non-synthetic (natural) substances and ingredients that are prohibited for use in organic production and handling. Under the authority of the Organic Foods Production Act of 1990 (OFPA), as amended, the National List can be amended by the Secretary based on proposed amendments developed by the National Organic Standards Board (NOSB). This proposed rule would amend the National List to reflect recommendations submitted to the Secretary by the NOSB from October 17, 2001 through May 14, 2003. Between the specified timeframe, the NOSB has recommended that the Secretary add substances to sections 205.601, 205.605, and 205.606 of the National List based on petitions received from industry participants. These substances were evaluated by the NOSB using the criteria specified in OFPA and the NOP.

RIN: 0581-AC35**176. • TOBACCO INSPECTION: FLUE-CURED AND BURLEY TOBACCO; IMPORTATION PROHIBITIONS AND TOBACCO PESTICIDE RESIDUE TESTING REQUIREMENTS****Priority:** Other Significant**Legal Authority:** 7 USC 511m and r; 7 USC 511q**CFR Citation:** 7 CFR 29; 7 CFR 92**Legal Deadline:** None

Abstract: This proposed rule responds to a report issued by the General Accountability Office (GAO-03-485) titled "Pesticides on Tobacco-Federal Activities to Assess Risks and Monitor Residues," recommending that the U.S. Department of Agriculture review and update the pesticides for which residue tolerance levels are set to test imported and domestic flue-cured and burley tobacco. The Dairy and Tobacco Adjustment Act of 1983, as amended, prohibits the importation of flue-cured and burley tobacco which contains any prohibited pesticide residues and establishes related certification and testing requirements. Pesticides continue to play an increasingly significant role in the production not only for tobacco, but also food and fiber commodities, and other crops by reducing the number of crop destroying pests. This proposal would: (1) revise and expand the list of pesticides for which testing is conducted, and (2) revise the maximum allowable of pesticide residues on tobacco. Implementing the GAO recommendations with these proposed changes would improve the effectiveness of the 1983 Act.

USDA—AMS

Proposed Rule Stage

Abstract: The U.S. Department of Agriculture (Department) received a request from the National Honey Packers and Dealers Association, dated 7/8/2003, to develop an industry-funded research, promotion, consumer education, and information program for honey and honey products. This proposed new program, the Honey Research, Promotion, and Consumer Education and Industry Order (Order), will assist the honey industry to: (1) develop and finance an effective and coordinated program to strengthen the position of the honey industry; and (2) maintain, develop, and expand existing markets for honey and honey products. Under the proposed Order, first handlers (packers) and importers of 250,000 or more pounds of honey and honey products would pay an assessment on \$0.01 per pound to the National Honey Packers and Importers Board (Board). At this initial rate, revenue for the program would be approximately \$3 million. Of this amount, about 47 percent would be generated by assessments on imported honey and honey products. The Board would be appointed by the Department to conduct a program of research and promotion, industry information, and consumer information needed to strengthen and increase the consumption of honey and honey products in the United States.

202. • DISASTER DECLARATION AND DESIGNATION

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 1961; 7 USC 1989

CFR Citation: 7 CFR 791; 7 CFR 1945

Legal Deadline: None

Abstract: This rule moves the regulations currently located in Subpart A of 7 CFR part 1945 to 7 CFR part 791. This change will move regulations used by the Farm Service Agency (FSA) from chapter XVIII of the Code of Federal Regulations, formerly used by the predecessor to FSA, the Farmers Home Administration, to chapter VII, the chapter where most FSA rules are promulgated. This rule also clarifies and simplifies procedures for identifying disaster areas, reorganizes provisions in a more logical manner, and removes administrative provisions. The intent of this rule is to update regulations to match the current USDA structure.

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 7931

CFR Citation: 7 CFR 1434

Legal Deadline: None

Abstract: This interim final rule amends the regulations governing the Honey Nonrecourse Marketing Assistance Loan (MAL) and Loan Deficiency Payment (LDP) Programs of the Commodity Credit Corporation (CCC). This rule allows honey pledged as collateral for securing an MAL or to be eligible for an LDP to be stored in CCC-approved, five-gallon plastic storage containers, in addition to the plastic Intermediate Bulk Containers already allowed, metal containers, and steel containers.

204. • PLANTING REPORTING FOR TROPICAL CROPS—NONINSURED CROP DISASTER ASSISTANCE PROGRAM

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 7333

CFR Citation: 7 CFR 1437

Legal Deadline: None

Abstract: The Commodity Credit Corporation will amend 7 CFR section 1437.7(c) to provide that producers of crops in tropical areas do not have to report every planting period. The affected producers will be required to maintain a contemporaneous record of when and where the specific crop is planted and when harvested. This change will reduce producer travel to the agency offices for reporting. The record will be used to determine the crops vulnerable to loss at the time of the disaster event. This will provide a more accurate loss measure for the agency to use in determining eligibility for NAP assistance.

206. • POLICY FOR CERTAIN COMMODITIES AVAILABLE FOR SALE

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 7285

CFR Citation: 7 CFR 1402

Legal Deadline: None

Abstract: This action will update the regulations regarding the dissemination of general sales offering information to reflect current sales policies. 7 CFR part 1402 provides policy for the sale of certain commodities. Section 1402.1 provides that "...CCC will disseminate general sales offering information in the CCC Sales List, which is published in press release form. The CCC Sales List will be revised and republished as necessary." The methods of disseminating sales offering information have evolved with better technology, including inventory listings on CCC's Commodity Operations website (<http://www.fsa.usda.gov/daco/catalogs.htm>) and the capability for cotton buyers to purchase CCC-owned cotton (including transfer of title) through an on-line, web-based system. This action will have no budget impact.

212. ANIMAL WELFARE; REGULATIONS AND STANDARDS FOR BIRDS, RATS, AND MICE
Priority: Other Significant**Legal Authority:** 7 USC 2131 to 2159**CFR Citation:** 9 CFR 2 to 3**Legal Deadline:** None

Abstract: The Farm Security and Rural Investment Act of 2002 amended the definition of "animal" in the Animal Welfare Act (AWA) by specifically excluding birds, rats of the genus *Rattus*, and mice of the genus *Mus*, bred for use in research. On June 4, 2004, we published in the Federal Register, a final rule that amended the definition of animal in our regulations to be consistent with the definition of animal in the AWA. In that same

edition of the Federal Register, we also published an advance notice of proposed rulemaking (ANPRM) that announced our intention to extend enforcement of the AWA to birds other than birds bred for use in research and solicited comments from the public to help determine how we should regulate the care and use of those animals. In addition, in our ANPRM, we also solicited comments from the public to help us determine if we should continue to regulate the handling, care, treatment, and transportation of rats and mice covered by the Act under the general standards in the regulations or if we should establish specific standards for them. When we determine how to regulate birds not bred for use in research and what, if any, specific standards should be

established for covered rats and mice, we will publish a proposed rule for public comment in the Federal Register. Any changes to our Animal Care program that may result from such a proposal will be addressed in that document.

214. ANIMAL WELFARE: MARINE MAMMALS; NONCONSENSUS LANGUAGE AND INTERACTIVE PROGRAMS**Priority:** Other Significant**Legal Authority:** 7 USC 2131 to 2159**CFR Citation:** 9 CFR 3**Legal Deadline:** None

Abstract: The U.S. Department of Agriculture regulates the treatment of certain marine mammals under the Animal Welfare Act. The present standards for treatment of these animals have been in effect for over 10 years. During this time, advances have been made and new information has been developed with regard to the housing and care of marine mammals. We intend to develop amendments to the marine mammal standards on which consensus was not reached during negotiated rulemaking conducted between September 1995 and July 1996. The amendments would be to standards affecting variances, indoor facilities, outdoor facilities, space requirements, and water quality, as well as swim-with-the-dolphin programs. These actions appear necessary to ensure that the minimum standards for the humane handling, care, treatment, and transportation of marine mammals in captivity are based on current general, industry, and scientific knowledge and experience.

218. REVISION OF FRUITS AND VEGETABLES IMPORT REGULATIONS (Q.56)

Priority: Other Significant

Legal Authority: 7 USC 450; 7 USC 7701 to 7772; 7 USC 8311; 21 USC 136 to 136a; 31 USC 9701

CFR Citation: 7 CFR 305; 7 CFR 319; 7 CFR 352

Legal Deadline: None

Abstract: This rule would revise and reorganize the regulations pertaining to the importation of fruits and vegetables to consolidate requirements of general applicability and eliminate redundant requirements, update terms and remove outdated requirements and references,

update the regulations that apply to importations into territories under U.S. administration, and make various editorial and nonsubstantive changes to regulations to make them easier to use. The rule would also make substantive changes to the regulations, including: (1) Establishing criteria within the regulations that, if met, would allow us to approve certain new fruits and vegetables for importation into the United States and to acknowledge pest-free areas in foreign countries without undertaking rulemaking; (2) doing away with the practice of listing specific commodities that may be imported subject to certain types of phytosanitary measures; and (3) providing for the issuance of special use permits for fruits and vegetables. These changes are intended to simplify and expedite our processes for approving certain new imports and pest-free areas while continuing to allow for public participation in the processes. If adopted, the rule would represent a significant structural revision of the fruits and vegetables import regulations and would establish a new process for approving certain new commodities for importation into the United States. It would not, however, allow the importation of any specific new fruits or vegetables, nor would it alter the conditions for importing currently approved fruits or vegetables except as specifically described in this document.

Proposed Rule Stage

219. REQUIREMENTS FOR REQUESTS TO AMEND 7 CFR PART 319 IMPORT REGULATIONS**Priority:** Other Significant**Legal Authority:** 7 USC 450; 7 USC 7701 to 7772; 21 USC 136 to 136a**CFR Citation:** 7 CFR 319**Legal Deadline:** None

Abstract: This rule would establish regulations governing the submission of requests for changes in our regulations that restrict the importation of plants, plant parts, and plant products. Despite existing non-regulatory guidance on the submission of requests, few applicants provide the basic information we need to properly consider their requests. If

adopted, this rule would help ensure that we are provided with the information we need to prepare a risk analysis and/or other analyses that evaluate the risks and other effects associated with a proposed change to the regulations.

Abstract: In accordance with the Agricultural Bioterrorism Protection Act of 2002, APHIS has established, by regulation, a list of biological agents and toxins determined to have the potential to pose a severe threat to animal or plant health or to animal or plant products, as well as regulations concerning the possession, use, and

223. GYPSY MOTH; INTERSTATE MOVEMENT OF REGULATED ARTICLES (SECTION 610 REVIEW)**Priority:** Substantive, Nonsignificant**Legal Authority:** 7 USC 450; 7 USC 7711 to 7714; 7 USC 7718; 7 USC 7731 to 7732; 7 USC 7751 to 7754; 7 USC 7760; 21 USC 136 to 136a**CFR Citation:** 7 CFR 301; 7 CFR 319**Legal Deadline:** None

Abstract: This rule would amend the gypsy moth regulations by removing restrictions on the interstate movement of wood chips, which do not pose a

USDA—APHIS

Final Rule Stage

risk of containing gypsy moth egg masses, and by adding restrictions on the movement and importation of bark and bark products, which pose a risk of containing gypsy moth egg masses. In addition, the rule would extend by 2 months the period during which regulated articles originating outside of any generally infested area must be safeguarded from infestation in order to be eligible for interstate movement directly through any generally infested area without a certificate or permit. These changes are necessary to update the provisions in the regulations to ensure consistent actions by the Animal and Plant Health Inspection Service, our cooperators, and industry in order to limit the artificial spread of gypsy moth.

Abstract: This rulemaking would amend our regulations regarding the importation of wheat from regions affected with Karnal bunt. Our amendments would, among other things, list such regions, as well as articles that would be regulated for Karnal bunt; increase the flexibility of the regulations so that they could

provide more readily for the recognition of areas where Karnal bunt is not known to occur within regions where Karnal bunt is known to be present; describe conditions, including requirements for phytosanitary certificates, under which wheat and related articles from regions affected with Karnal bunt could be imported into the United States; and specify cleaning and/or disinfection requirements for imported farm machinery and other equipment used to handle or store Karnal bunt-positive seed or host crops. The changes would make our regulations regarding the importation of wheat and related articles from regions affected with Karnal bunt substantively equivalent to our domestic Karnal bunt regulations and would bring the former into compliance with international agreements to which the United States is a party.

USDA—APHIS

Final Rule Stage

Abstract: This rulemaking would establish restrictions on the importation of pine shoot beetle host material into the United States from Canada. Pine nursery stock, as well as pine products that consist of pine bark or have pine bark attached, would have to meet certain requirements relating to documentation, treatment, handling, and utilization as a condition of importation into the United States from Canada. These restrictions are needed to help prevent the introduction and spread of pine shoot beetle, a pest of pine trees, into noninfested areas of the United States.

227. IMPORTATION OF CLEMENTINES, MANDARINS, AND TANGERINES FROM CHILE

Priority: Other Significant

Legal Authority: 7 USC 450; 7 USC 7701 to 7772; 21 USC 136 to 136a

CFR Citation: 7 CFR 319

Legal Deadline: None

Abstract: This rulemaking will amend the fruits and vegetables regulations to allow the importation, under certain conditions, of clementines, mandarins, and tangerines from Chile into the United States. Based on the evidence in a recent pest risk assessment and

an accompanying risk management document, we believe these articles can be safely imported from all provinces of Chile, provided certain conditions are met. This action will provide for the importation of clementines, mandarins, and tangerines from Chile into the United States while continuing to protect the United States against the introduction of plant pests.

228. IMPORTATION OF SMALL LOTS OF SEED WITHOUT PHYTOSANITARY CERTIFICATES

Priority: Other Significant

Legal Authority: 7 USC 450; 7 USC 7701 to 7772; 21 USC 136 to 136a

CFR Citation: 7 CFR 319

Legal Deadline: None

Abstract: This rulemaking would amend the nursery stock regulations to allow the importation of small lots of seed under an import permit with specific conditions as an alternative to the current phytosanitary certificate requirement. This proposed change is necessary because several entities that import small lots of seed—individual importers, horticultural societies, arboreta, and small businesses—have had difficulty obtaining the necessary certificates and have been adversely

affected by the phytosanitary certificate requirement. The proposed change would make it feasible for those entities to import small lots of seed and would ensure prompt and consistent service for such importers while continuing to protect against the introduction of plant pests into the United States and providing the Animal and Plant Inspection Service with necessary information about the quality, quantity, and diversity of the imported material.

229. MEXICAN HASS AVOCADO IMPORT PROGRAM

Priority: Economically Significant. Major under 5 USC 801.

Legal Authority: 7 USC 450; 7 USC 7701 to 7772; 21 USC 136 to 136a; sec 301.75 also issued under sec 203, title II, PL 106-224, 114 Stat 400 (7 USC 1421 note)

CFR Citation: 7 CFR 319

Legal Deadline: None

Abstract: This final rule will amend the regulations governing the importation of fruits and vegetables to expand the number of States in which fresh Hass avocado fruit grown in approved orchards in approved municipalities in Michoacan, Mexico, may be distributed. The final rule will

USDA—APHIS

Final Rule Stage

also allow the distribution of the avocados during all months of the year. To reflect these changes, we will also make other changes in the regulations, such as removing restrictions on the ports through which the avocados may enter the United States and the corridor through which the avocados must transit the United States. We are taking this action in response to a request from the Government of Mexico and based on our finding that the phytosanitary measures described in this final rule will reduce the risk of introducing plant pests associated with Mexican Hass avocados into the United States.

230. INTERSTATE MOVEMENT OF SHEEP AND GOATS; APPROVED LIVESTOCK FACILITIES, IDENTIFICATION, AND RECORDKEEPING REQUIREMENTS

Priority: Other Significant**Legal Authority:** 7 USC 8301 to 8317**CFR Citation:** 9 CFR 71**Legal Deadline:** None

Abstract: This rulemaking would amend the regulations regarding the interstate movement of animals to

require livestock facilities that handle sheep or goats in interstate commerce to be approved by us. This would include stockyards, livestock markets, buying stations, concentration points, or any other premises where sheep or goats in interstate commerce are assembled. Our approval would be contingent on the facility operator meeting certain minimum standards and other conditions relating to the receipt, handling, and release of sheep and goats at the facility, as well as complying with certain animal identification and recordkeeping requirements. The standards and other conditions would be based, in part, on recently implemented regulations relating to the interstate movement of sheep and goats in order to control the spread of scrapie, a serious disease of sheep and goats. This rule would provide for the establishment of standards for the approval of livestock facilities that handle sheep or goats in interstate commerce.

231. ● USER FEES FOR AGRICULTURAL QUARANTINE AND INSPECTION SERVICES

Priority: Economically Significant. Major under 5 USC 801.**Legal Authority:** 7 USC 7701 to 7772; 7 USC 8301 to 8317; 21 USC 136 to 136a; 49 USC 80503**CFR Citation:** 7 CFR 354**Legal Deadline:** None

Abstract: This rule will amend the user fee regulations by adjusting the fees charged for certain agricultural quarantine and inspection (AQI) services that are provided in connection with certain commercial vessels, commercial trucks, commercial railroad cars, commercial aircraft, and international airline passengers arriving at ports in the customs territory of the United States. Due to the events of September 11, 2001, and the resulting increased security concerns, a greater volume and variety of cargo entering the United States is being inspected. The fee adjustments are needed to recover the costs of this increased inspection activity and to account for routine inflationary increases in the cost of doing business. The adjusted AQI user fees will cover fiscal years 2005 through 2010.

Abstract: This rule amended the brucellosis indemnity regulations to allow us to pay indemnity for sheep, goats, and horses destroyed because of brucellosis. This action makes it easier to eliminate affected herds/flocks and infected animals as sources of infection by encouraging herd and flock owners to cooperate with our brucellosis eradication program. This action is intended to help reduce the incidence of brucellosis and the likelihood of it spreading within the United States.

Abstract: We are amending the Animal Welfare Act (AWA) regulations to reflect an amendment to the Act's definition of the term animal. The Farm Security and Rural Investment Act of 2002 amended the definition of animal to specifically exclude birds, rats of the genus *Rattus*, and mice of the genus *Mus*, bred for use in research. While the definition of animal in the regulations excludes rats of the genus *Rattus* and mice of the genus *Mus* bred for use in research, that definition also excludes all birds (i.e., not just those birds bred for use in research). To make the definition of animal in the regulations consistent with the definition of animal in the AWA, this final rule amends the regulations by narrowing the scope of the exclusion for birds to only those birds bred for use in research. This final rule is intended only to make the definition of animal in the regulations consistent with the definition of animal in AWA. We do not intend to immediately begin regulating birds not bred for use in research as a result of this action.

Legal Deadline: None

Abstract: The Agency intends to publish a proposed rule to effectuate a comprehensive civil rights regulation implementing the following laws: The Equal Credit Opportunity Act (ECOA); title VI of the Civil Rights Act of 1964; title VIII of the Civil Rights Act of 1968, as amended by the Fair Housing Amendments Act of 1988 (The Fair

USDA—RHS

Proposed Rule Stage

Housing Act); section 504 Federally Conducted and Federally Assisted Programs; title IX of the Education Amendments of 1972; Age Discrimination Act of 1975; and Executive Orders 11246 and 12898 (Environmental Justice). The revised regulations will provide detailed guidelines for field offices for improved enforcement and compliance with these laws, which heavily impact the Agency's programs. Mechanisms for monitoring compliance by field offices and recipients of Federal financial assistance at all levels will decrease the Agency's vulnerability that exists due to noncompliance with recently enacted Civil Rights legislation.

Legal Deadline: None

Abstract: The Agency will consolidate seven regulations containing Community Facility (CF) servicing information into one, streamlined regulation. The Agency will also make changes to improve the servicing options available to CF borrowers. The goal is to work with borrowers to enable them to continue operating and providing essential community services to rural residents. This consolidation and the proposed changes will improve service to borrowers and will ensure that the Government's investment is protected and maximized. The proposed action will have no financial impact on the public or the Agency. The consolidation and revisions of these regulations will be in the best interest of the Government and the public.

Legal Deadline: None

Abstract: The Rural Housing Service (RHS) is consolidating, simplifying, and updating the Agency standards for planning and developing sites and buildings to bring them in line with contemporary industry standards. This Agency regulation will contain the policies and procedures for planning and developing sites and buildings proposed for RHS financial assistance. This effort will produce a user-friendly tool to help program constituents, rural communities, and Agency personnel. The consolidation effort will also bring the requirements of these two regulations in line with the Agency's Single Family Housing, Multi-Family Housing, Community Programs, and Business and Industry regulations and handbooks. This action will have no financial impact on the public or Agency. These consolidations and technical revisions are in the best interest of the Government and public. This is a positive and needed action in RHS program delivery and will add value to the access and delivery of the Agency's programs.

265. • COMMUNITY PROGRAMS GUARANTEED LOANS

Priority: Substantive, Nonsignificant

Legal Authority: Not Yet Determined

CFR Citation: 7 CFR 3575, subpart A

Legal Deadline: None

Abstract: The Rural Housing Service proposes to amend its regulations utilized to service the Community Facilities guaranteed loan program by adding terms and definitions applicable to this subpart, amend or add existing regulation to establish reporting responsibilities for lenders participating in the program, and amend or add regulation to clarify program parameters in making, guaranteeing, holding, servicing, or liquidating guaranteed loans. The intended effect of this action is to provide a precise understanding of terms as they apply to eligibility and program implementation and maintenance, and to establish accountability for adequate servicing on guaranteed loans.

266. • AMEND 3550 REGULATION TO MODIFY EXISTING PAYMENT ASSISTANCE FORMULA

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Unfunded Mandates: Undetermined

Legal Authority: Not Yet Determined

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: In 1996, a new payment assistance formula was implemented to provide assistance to Rural Housing Service customers to make homeownership affordable through the section 502 Direct Loan Program. No analysis has been conducted on the formula and its actual impacts since the change was implemented. Anecdotal information reveals that the formula

may result in disparate treatment for some customers, especially those in the more rural counties. In addition, the formula is complex and difficult to explain to customers and partners. USDA has contracted for a study of the formula to determine the extent of disparate or unintended borrower treatments/consequences of the existing formula and develop more equitable and simplified alternatives to provide payment assistance to our customers without increasing the cost of the program to the Government. The Agency intends to solicit public comments on potential alternatives to the current formula and to publish proposed and final rule changes to the formula.

subpart K; 7 CFR 1951, subpart N; 7 CFR 1955, subpart A

Legal Deadline: None

Abstract: The Rural Housing Service (RHS) proposes to consolidate regulations pertaining to section 515 Rural Rental Housing, section 514 Farm Labor Housing Loans, section 516 Farm Labor Housing Grants, and section 521 Rental Assistance Payments. Fourteen published regulations will be reduced to one regulation and handbooks for program administration. This will simplify loan origination and portfolio management for applicants, borrowers, and housing operators, as well as Rural

Development field staff. This will also provide flexibility for program modifications to reflect current and foreseeable changes. It will also reduce regulations that address solely internal Agency program administration. Finally, the regulation will be more customer friendly and responsive to the needs of the public.

Abstract: Section 538 of title V of the Housing Act of 1949 authorizes USDA to make commitments to guarantee loans for the development of housing and related facilities. By this authority, the Rural Housing Service (RHS) administers the Guaranteed Rural Rental Housing Program. The RHS, through consultation with industry and government experts in the loan guarantee field, has identified barriers to the success of the program. In the case of default, regulations will be revised to allow for a timely payment to the investor. In addition, lenders will be allowed to submit a claim for “estimated” losses.

Priority: Other Significant

Legal Authority: 7 USC 1506 (l); 7 USC 1506 (p)

CFR Citation: 7 CFR 400

Legal Deadline: None

Abstract: To revise actual production history regulations to reflect changes in calculation of approved APH yields as mandated by the Agricultural Risk Protection Act of 2000. Revisions will include: Assigned yields for crops produced on land not farmed before (added land), rotations to crops not previously produced (new crops), and for prevented planting acreage if planted to a substitute crop; adjustments for successful pest control

efforts and for organic crops destroyed to maintain organic certification; and substitution of 60 percent of the transitional yield for low actual yields if producers elect that option.

273. GENERAL ADMINISTRATIVE REGULATIONS; NONSTANDARD UNDERWRITING CLASSIFICATION SYSTEM

Priority: Other Significant

Legal Authority: 7 USC 1506(l); 7 USC 1506(p)

CFR Citation: 7 CFR 400

Legal Deadline: None

Abstract: Nonstandard Underwriting Classification System (NCS): NCS was criticized by producers and their representatives for several years and became a major issue with the repetitive floods in the upper Midwest and multi-year droughts in the Southwest. Complaints included claims that the NCS procedures: 1) Did not adequately exclude widespread causes of loss (disaster adjustment); 2) failed to recognize diverse conditions within a county; 3) unfairly hit new or struggling producers caught by repetitive disasters; and 4) set too high a premium for those producers listed. Additionally, administration of the NCS process was complicated, sometimes subjective, and labor intensive.

The Advanced Notice of Proposed Rulemaking that was published in the Federal Register in September 1997 sought comments from the public on options to improve NCS. Twenty-two comments were received in response to

the advanced notice. RMA decided to replace NCS with a process that charged appropriate rates for those producers with adverse loss experience and less than average production histories.

RMA examined increasing premium rates based on producers' lower APH yields and using a surcharge based on use of the yield floor (or some other identifiable indicator of adverse experience) to determine if these measures would adequately address the need to increase premiums for those producers with the most adverse loss histories based on the frequency and severity of losses. After reviewing past NCS experience on the existing book of business, it was determined that appropriate rate increases for those producers whose APH yields were less than average would compensate entirely for the elimination of NCS.

RMA implemented the following actions to accomplish the goal of replacing NCS beginning with the 1999 crop year:

— Removed and reserved the current NCS regulation (7 CFR part 400, subpart O) by publishing a proposed rule in the Federal Register. The final rule is pending clearance; however, the Agency proceeded with the process and has waived NCS since 1999.

— Developed and implemented appropriate rate adjustments to offset the removal of NCS.

Priority: Other Significant

Legal Authority: 7 USC 2011 to 2032

CFR Citation: 7 CFR 253; 7 CFR 254

Legal Deadline: None

Abstract: This proposed rule would amend FDPIR regulations by: 1) Bringing the maximum level of allowable resources in line with the Food Stamp Program by: a) Establishing a new resource limit of \$3,000 for households with a disabled member, and b) increasing the resource limit from \$1,750 to \$2,000 for households without elderly or disabled members; 2) allowing a resource exclusion for the first \$1,500 of the value of one prepaid funeral arrangement per household member; 3) allowing households in which all members are elderly or disabled to be certified for up to 24 months; and 4) allowing State agencies the option to provide transitional benefits to households that leave the Temporary Assistance Program for Needy Families. The above provisions are modeled after Food Stamp Program provisions. (01-005)

Priority: Other Significant

Legal Authority: PL 106-224, sec 243(i)

CFR Citation: 7 CFR 226

Legal Deadline: None

Abstract: This proposed rule would revise the Child and Adult Care Food Program (CACFP) regulations to allow reimbursement of suppers provided by at-risk afterschool care programs in seven States. Six States were initially authorized by the Agricultural Risk Protection Act (Pub. L. 106-224); the seventh State was authorized by fiscal year 2002 appropriation legislation. At-risk suppers in these States (Delaware, Illinois, Pennsylvania, Michigan, Missouri, New York, and Oregon) are reimbursed under the same conditions set forth in the National School Lunch Act (NSLA) for at-risk snacks in the CACFP. Children who are 18 or younger and enrolled in qualifying afterschool programs located in the seven States may receive free suppers. To qualify, afterschool care programs must be located in low-income areas, provide care to children, and have an educational or enrichment purpose. (01-007)

292. WIC FARMERS' MARKET NUTRITION PROGRAM (FMNP): FUNDING FORMULA RULE

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 42 USC 1786

CFR Citation: 7 CFR 248

Legal Deadline: None

Abstract: The FMNP is a fixed grant program with limited funds. Funding increases are not guaranteed from year to year. Section 17(m) of the Child Nutrition Act of 1966, as amended, sets forth broad funding requirements for the FMNP. By law, after base grants are provided to current State agencies, i.e., total Federal funds received in the prior fiscal year, the remaining funds are divided so that 75 percent is provided for expansion funds for current State agencies and 25 percent is provided for new State agencies. Currently, beyond the division of funds noted above, there are no requirements for how to allocate funds for expansion and new State agencies when funds requested exceed the amount of available funds. This proposed regulation would amend 7 CFR part 248 to set forth a funding formula in cases where FMNP funds requested exceed available funds to allocate. The proposed methodology would provide a base funding level for each State agency. Funding above the base level would be based on the individual State agency's need relative to all other State agencies' needs. (03-004)

USDA—FNS

Proposed Rule Stage

Regulatory Flexibility Analysis**Required:** No**Small Entities Affected:** Businesses, Governmental Jurisdictions**Government Levels Affected:** Federal, Local, State, Tribal**Agency Contact:** Sharon Ackerman, Agency Regulatory Officer, Department of Agriculture, Food and Nutrition Service, Room 918, 3101 Park Center Drive, Alexandria, VA 22302
Phone: 703 305-2246
Fax: 703 605-0220
Email: sheri.ackerman@fns.usda.gov**RIN:** 0584-AD41**293. • FSP: REVISIONS TO BONDING REQUIREMENTS FOR VIOLATING RETAIL AND WHOLESALE FOOD CONCERNS****Priority:** Other Significant. Major status under 5 USC 801 is undetermined.**Unfunded Mandates:** Undetermined**Legal Authority:** 7 USC 2021**CFR Citation:** 7 CFR 278.1(b)(4)**Legal Deadline:** None

Abstract: The proposed rule will revise the current bonding requirements set forth in section 278.1(b)(4) of Food Stamp Program (FSP) regulations that are imposed against retailers who have violated FSP rules and regulations. Section 12(d) of the Food Stamp Act of 1977 (the Act), as amended, gives the Secretary of Agriculture the discretionary authority to require that retailers who have been sanctioned for program violations present a collateral bond as a condition of future authorization. The Act also gives the Secretary the authority to prescribe the amount, terms, and conditions of such bonds by regulation. Currently, all violating retailers that are sanctioned for a specified period of time or imposed a civil money penalty are required to submit a bond if they wish to continue to participate in the FSP. The bond must be valid as long as the firm is authorized to participate in the FSP regardless of the period of disqualification imposed or the amount of the civil money penalty assessed. Retailers are required to renew their bond through a financial institution on a periodic basis. The proposed rule will: 1) Eliminate the current bonding requirement for retailers who are disqualified for a period of 6 months or imposed a civil money penalty in

lieu of a 6-month disqualification period; and 2) Limit the renewal requirement to 1 year for retailers who are disqualified for a specified period of time greater than 6 months or imposed a civil money penalty in lieu of a specified period of time greater than 6 months. Section 278.2(f) of the FSP regulations stipulates that retail food stores may not accept food stamp benefits in payment for any eligible food sold to food stamp households on credit. Thus, the proposed rule will also assign a specified period of time for retailers to be removed from the program for accepting food stamp benefits in payment for eligible food on credit. (04-002)

DONATED FOODS IN CHILD NUTRITION PROGRAMS, THE NUTRITION SERVICES INCENTIVE PROGRAM, AND CHARITABLE INSTITUTIONS, INCLUDING CONTRACTS WITH FOOD SERVICE MANAGEMENT COMPANIES****Priority:** Other Significant**Legal Authority:** Older Americans Act of 1965, as amended**CFR Citation:** 7 CFR 250.12, 250.40, 250.41, 250.42, 250.48; 7 CFR 250.49, 250.50**Legal Deadline:** None

Abstract: This proposed rule would revise or clarify requirements with respect to the distribution, management, and use of donated foods in child nutrition programs, the Nutrition Services Incentive Program, and by charitable institutions. Most significantly, it would establish specific requirements to ensure that school food

authorities and other recipient agencies in child nutrition programs receive the benefit of all donated foods provided under contract with food service management companies to conduct the food service. It would require the food service management company to credit the school food authority for donated foods received, through invoice reductions or crediting. The rule would provide some flexibility in crediting for, and use of donated foods, by allowing the school to negotiate donated food values with the food service management company, and by allowing the food service management company to substitute donated foods with commercially purchased foods, with the exception of (1) donated beef and pork, and (2) end products received from processors. Abstract: The proposed changes to the Food Stamp Program's regulations are being put forth to account for the replacement of the paper coupon issuance system with the Electronic Benefits Transfer (EBT) system as the nationwide method of distributing benefits to program recipients. These changes will remove coupon issuance regulations that are no longer

USDA—FNS

Proposed Rule Stage

applicable, revise regulatory language to more appropriately connote the new EBT issuance system (such as eliminating the use of the term “coupon,” and replacing it with either “benefits” or “EBT card”), and reorganize sections to develop a more cohesive set of issuance and retailer regulations. None of the changes will have any policy impacts. The regulatory revisions, however, are necessary to avoid confusion by ensuring that the issuance and redemption requirements are clear and comprehensible. The sections that will be updated and reorganized by the

proposed rule are 7 CFR parts 274 and 278. (04-004)

297. SPECIAL SUPPLEMENTAL FOOD PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC): MISCELLANEOUS PROVISIONS

Priority: Other Significant

Legal Authority: 42 USC 1786

CFR Citation: 7 CFR 246

Legal Deadline: None

Abstract: This final rule amends certain provisions of the WIC program regulations in response to issues raised by WIC State agencies and incorporates longstanding program policies into regulations, with the intention to strengthen services to WIC participants, improve Program administration, and increase State agency flexibility in managing the Program. The final rule takes into consideration comments received on the proposed rule, which was published on December 12, 2002 (67 FR 71774). It also increases the maximum fine for theft or fraud from \$10,000 to \$25,000, in accordance with a nondiscretionary provision of Public Law 105-336. (89-515)

RIN: 0584-AC84

303. SPECIAL NUTRITION PROGRAMS: DISCLOSURE OF CHILDREN'S ELIGIBILITY INFORMATION UNDER THE CHILD NUTRITION PROGRAMS

Priority: Other Significant

Legal Authority: PL 106-224, sec 242; PL 103-448, sec 108

CFR Citation: 7 CFR 215; 7 CFR 225; 7 CFR 226; 7 CFR 245

Legal Deadline: Final, Statutory, October 20, 2000.

Abstract: This rule establishes requirements for the disclosure of children's free and reduced price meal and free milk eligibility information by agencies that make the free and reduced price meal or free milk determination under the National School Lunch Program, the School Breakfast Program, the Special Milk Program, the Child and Adult Care Food Program, and the Summer Food Service Program. The rule responds to amendments to the Richard B. Russell National School Lunch Act, which allow limited disclosure of children's free and reduced-price meal or free milk eligibility information, comments received on the July 25, 2000, proposed rule on "Disclosure of Children's Eligibility Information" (65 FR 45725 issued under RIN 0584-AC21), and comments received on the January 11, 2001, interim rule on "Disclosure of

Children's Eligibility Information to State Medicaid and the State Children's Health Insurance Program" (66 FR 2195 issued under RIN 0584-AC95). This rule incorporates the proposed rule and interim rule into one final rule. Therefore, RIN 0584-AC21 was withdrawn, and the final provisions are issued under RIN 0584-AC95. The final rule adopts or modifies as necessary many of the provisions mandated by the statute and required by the interim rule. Many of these same provisions were presented as recommendations in the proposed rule. The objective is to provide consistency in procedures when determining agencies' option to disclose children's eligibility information and to provide some protection against unauthorized disclosures and misuse of personal information, regardless of whether the disclosure is to Medicaid or SCHIP or to an education or other program. Abstract: Executive Order 13279, which was signed on December 12, 2002, instructs Federal agencies, to the extent permitted by law, to collect data regarding the participation of faith-based and community-based organizations in social service programs that receive Federal financial assistance. This rulemaking would authorize the Secretary of Agriculture to require State agencies to collect and submit data to the Food and Nutrition Service that identifies the numbers, by categories to be determined by the Secretary, of institutions, organizations, sites, and facilities that apply to and participate in the Federal nutrition assistance programs. This rulemaking would add requirements to the following programs: Special Supplemental Nutrition Program for Women, Infants and Children, National School Lunch Program, School Breakfast Program, Child and Adult Care Food Program, Summer Food Service Program, Commodity Supplemental Food Program, and the Emergency Food Assistance Program. The data collection effort will end five years after the effective date of the interim final rule. (04-001)

313. • SEVERE NEED ASSISTANCE IN THE SCHOOL BREAKFAST PROGRAM**Priority:** Substantive, Nonsignificant**Legal Authority:** PL 108-265**CFR Citation:** 7 CFR 220**Legal Deadline:** None

Abstract: Currently, in order to receive the higher severe need School Breakfast Program reimbursements, schools must have served 40 percent + of their lunches free or at a reduced price in the second preceding year and must document their costs. They receive the lesser of their documented costs or the severe need rate.

In response to Public Law 108-265, which amended the Child Nutrition Act of 1966, 7 CFR 220, the School Breakfast Program's regulations will be revised to remove the requirement to document costs. This law was also revised to require that the Secretary determine how schools without a 2nd preceding year history may qualify for severe need reimbursements. (04-008)

RIN: 0584-AD50**314. • DISTRICT-WIDE USE OF PROVISIONS 2 AND 3****Priority:** Substantive, Nonsignificant**Legal Authority:** PL 108-265**CFR Citation:** 7 CFR 245**Legal Deadline:** None

Abstract: Currently, schools may choose to use "Provision 2" or

USDA—FNS

Final Rule Stage

“Provision 3,” to reduce application burdens and simplify meal counting and claiming procedures. Provision 2 allows schools to establish claiming percentages and to serve all meals at no charge for a 4-year period. Provision 3 allows schools to simply receive the same level of Federal cash and commodity assistance each year, with some adjustments, for a 4-year period. Both provisions are used by schools with significant percentages of children eligible for free and reduced-price school meals. Schools serve all meals at no cost to the child but continue to be reimbursed at the rate determined in the year that the actual number of free and reduced price eligible children was determined.

In response to Public Law 108-265, which amended the Richard B. Russell National School Lunch Act, 7 CFR 245, Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools, will be revised to allow school districts to use “Provision 2” or “Provision 3” on a district-wide basis as well as on a school basis. 315. • ADMINISTRATIVE ERROR REDUCTION IN THE SCHOOL MEALS PROGRAMS

Priority: Other Significant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 210; 7 CFR 220

Legal Deadline: None

Abstract: Public Law 108-265, the Child Nutrition and WIC Reauthorization Act of 2004 (Act), amended the Richard B. Russell National School Lunch Act and Section

7 of the Child Nutrition Act of 1966 in the following ways. The new law:

— Establishes the additional category of schools at high risk for administrative errors, as defined by the Secretary, that are subject to an additional administrative review;

— Details a corrective action plan for States that fail to meet Secretary's performance criteria;

— Allocates funds to States based on number of local education agencies with high level or high risk for administrative error. (04-010)

316. • STATE ADMINISTRATIVE EXPENSES

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 235

Legal Deadline: None

Abstract: State Administrative Expense Fund regulations will be revised to increase the minimum State grant for administrative expenses to \$200,000 a year (indexed after fiscal year 2008) and requires that: For fiscal years 2005 through 2007, no State will receive less than its fiscal year 2004 allocation. This rule will also require States to submit, for the Secretary's approval, an amendment to their State plan indicating how it will allocate their State administrative expense funds for information management systems that improve program integrity by (1) monitoring the nutrient content of meals; (2) training schools and school food authorities in how to use technology and information

management systems for menu planning, collecting “point-of-sale” data, processing applications for free and reduced-price meals, and verifying eligibility; and (3) using electronic data to establish benchmarks to monitor program integrity, program participation, and financial data across schools and school food authorities. 317. • APPLYING FOR FREE AND REDUCED PRICE MEALS IN SCHOOLS

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 245

Legal Deadline: None

Abstract: The regulations for determining eligibility for free and reduced price meals and free milk in schools, will be revised to require that:

(1) Descriptive materials distributed to parents and guardians contain a notification that:

— Participants in the special supplemental nutrition program for women, infants, and children (the WIC program), the Food Stamp Program, the Food Distribution Program on Indian reservations, and State Temporary Assistance for Needy families (TANF) programs may be eligible for free or reduced-price school meals; and

— Documentation may be requested for verification of eligibility for free or reduced-price meals;

(2) Eligibility determinations for free or reduced-price school meals (other than cases where “direct certification” is used) are to be made on the basis of

USDA—FNS

Final Rule Stage

a complete application executed by an adult member of the household or in accordance with guidance issued by the Secretary. It will also stipulate that the household application must identify the names of each child in the household for whom free or reduced-price meal benefits are being requested and bars State agencies and local educational authorities from requesting separate applications for each child in cases where the children attend schools in the same local educational authority;

(3) Explicitly permits applications with electronic signatures if the application is submitted electronically and the application filing system meets confidentiality standards set by the Secretary; and

(4) Eligibility for free or reduced-price school meals remains valid for 1 year for most students. Eligibility would remain in effect beginning with approval for the current school year and ending on a date during the subsequent school year determined by the Secretary. An exception is included for cases where verification activities indicate ineligibility. (04-012)

318. • NATIONAL SCHOOL LUNCH AND SCHOOL BREAKFAST PROGRAMS: FLUID MILK REQUIREMENT

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265, sec 102

CFR Citation: 7 CFR 210; 7 CFR 220

Legal Deadline: None

Abstract: Currently, reimbursable school meals must offer types of fluid milk consistent with prior year

preferences, unless the prior year preference for a particular type of milk was less than 1 percent of the total milk consumed.

In response to Public Law 108-265, which amended the Richard B. Russell National School Lunch Act, the National School Lunch Program and School Breakfast Program regulations will be revised to require that school meals offer fluid milk in a variety of fat contents, regardless of the prior year preferences. 319. • IMPLEMENTING PROVISIONS FROM THE CHILD NUTRITION AND WIC REAUTHORIZATION ACT OF 2004: INCREASING THE MAXIMUM AGE FOR CHILDREN IN HOMELESS SHELTERS THAT PARTICIPATE IN THE CACFP

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 226

Legal Deadline: None

Abstract: This rule will implement a provision of the Child Nutrition and WIC Reauthorization Act of 2004 that authorizes the reimbursement of CACFP meals served to children through age 18 who are residing in emergency shelters. Previously, CACFP reimbursements to emergency shelters were limited to meals served to children through age 12. (04-014)

320. • NATIONAL SCHOOL LUNCH PROGRAM: MARKETING AND SALES OF FLUID MILK PRODUCTS IN SCHOOLS

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 210

Legal Deadline: None

Abstract: Public Law 108-265 amended the Richard B. Russell National School Lunch Act to prohibit schools from directly or indirectly restricting the sale or marketing of fluid milk products on school premises or at school sponsored events at any time or any place. This amendment was in response to procurement contracts that limited the types of products that schools could sell outside of the reimbursable meal programs. This rule would incorporate that requirement into the regulations governing the National School Lunch Program. (04-015)

Final Rule Stage

321. • NUTRITION STANDARDS IN THE NATIONAL SCHOOL LUNCH AND SCHOOL BREAKFAST PROGRAMS**Priority:** Other Significant**Legal Authority:** PL 108–265, sec 103**CFR Citation:** 7 CFR 210; 7 CFR 220**Legal Deadline:** None

Abstract: Public Law 108-265 requires the Secretary to issue regulations that reflect specific recommendations for increased consumption of foods and food ingredients in school nutrition programs based on the most recent Dietary Guidelines for Americans.

The current regulations specify that reimbursable meals offered by schools meet the Dietary Guidelines for Americans that are specified in the regulations. This final rule would revise the current regulations on nutrition standards to require that participating schools meet the applicable recommendations of the most recent Dietary Guidelines for Americans as specified in program guidance. This revision would permit USDA and schools to more promptly conform to any new recommendations in the nutrition standards. (04-017)

Regulatory Plan: This entry is Seq. No. 15 in part II of this issue of the **Federal Register**.

RIN: 0584–AD60**323. • REVISED VERIFICATION PROCEDURES IN THE SCHOOL MEALS PROGRAMS****Priority:** Other Significant**Legal Authority:** PL 108–265**CFR Citation:** 7 CFR 210; 7 CFR 220**Legal Deadline:** None

Abstract: In response to Public Law 108-265, which amended the Richard B. Russell National School Lunch Act, the verification procedures in 7 CFR 245, Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools, will be revised to require that, starting July 2005:

1. Local Educational Authorities (LEAs) verify the eligibility of children in a sample of approved free and reduced-price school meal applications. The basic sample size would be the lesser of 3 percent of all approved applications (as of October 1 of the school year) selected from error-prone applications or 3,000 approved error-prone applications. Error-prone applications would be those defined as such under current regulations or, alternately, under criteria set by USDA. However, local educational agencies could choose 1 of 2 alternate sample sizes (effectively the options established in current regulations, noted above) if:

— Their nonresponse rate for the preceding school year is less than 20%, or — For a local educational agency with more than 20,000 children approved by application as eligible for free or reduced-price school meals as of October 1, their nonresponse rate for the preceding school year is at least 10 percent below the nonresponse rate for the second preceding school year.

A nonresponse rate is the percentage of approved household applications for which verification information has not been obtained by a LEA. Second-preceding-school-year nonresponse rates may not be available for all schools for the 2005-2006 school year. As a result, this rule would also provide that, for the 2005-2006 school year, large local educational agencies (20,000+ approved students) also could qualify to use 1 of the 2 alternate sample sizes (the options in current regulations) if they attempt to verify all approved household applications through the use of direct verification. When verifying eligibility for free or reduced-price school meals, local

educational agencies can first use direct verification and obtain and use income and program participation information from public agencies administering certain programs. The programs are: The food stamp program, the food distribution program on Indian reservations, State TANF programs, State Medicaid programs, or similar income-tested programs (or other sources of information). In cases in which there are not enough error-prone applications to comply with the options, local educational agencies would be required to randomly select additional applications to fulfill the percentage or number requirement.

2. Requires local educational agencies to complete all verification activities (including “follow-up” activities) by November 15 of each school year; States may extend this deadline to December 15 under criteria set by the Secretary. It will also require local educational agencies to make appropriate modifications to eligibility determinations based on their verification activities.

3. It also allows local educational agencies to “decline” to verify up to 5 percent of their verification sample and replace the declined applications with other approved applications.

4. Requires that the local educational agency provide written notice to households selected for verification. The notice must include a toll-free phone number that the household can call for assistance with the verification process. (04-019)

324. • CATEGORICAL ELIGIBILITY OF CERTAIN MIGRATORY, HOMELESS, AND RUNAWAY YOUTH**Priority:** Other Significant**Legal Authority:** PL 108–265, sec 107**CFR Citation:** 7 CFR 210; 7 CFR 220**Legal Deadline:** None

Abstract: In response to Public Law 108-265, which amended the Richard B. Russell National School Lunch Act, 7 CFR 245, Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools, will be amended to establish categorical (automatic) eligibility for free meals for the following children:

1. Homeless children or youth as defined by the McKinney-Vento Homeless Assistance Act;
2. Youth served by grant programs under the Runaway and Homeless Youth Act; and
3. Migratory children as defined in section 1309(2) of the Elementary and Secondary Education Act.

Public Law 108-265 also provides for documentation of a child's eligibility under these laws which will also be included in the regulations. (04-020)

Abstract: Current regulations governing the National School Lunch and School Breakfast Programs require one food safety inspection in schools during the school year unless such inspection is required by the State or local agency responsible for food safety inspections. Public Law 101-265 revised the requirement in the Richard B. Russell National School Lunch Act on food safety inspections to: (1) Increase the number of required inspections to at least two during the school year; (2) remove the exemption if there are State or local requirements for schools; and (3) require that reports on the most recent inspection be posted in a publicly visible location and be provided, on request, to the public. In addition, the regulations will be revised to include the requirement in Public Law 101-265 that, for fiscal years 2006

through 2009, States annually audit food safety inspections in schools and submit a report to USDA on the results of that audit. (04-022)

328. • IMPLEMENTING PROVISIONS FROM THE CHILD NUTRITION AND WIC REAUTHORIZATION ACT OF 2004: FOR-PROFIT CENTER PARTICIPATION IN THE CHILD AND ADULT CARE FOOD PROGRAM

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 226

Legal Deadline: None

Abstract: This rule will implement a provision of the Child Nutrition and WIC Reauthorization Act of 2004 that permanently establishes the eligibility of private for-profit child care centers to participate in the Child and Adult Care Food Program (CACFP) if at least 25 percent of participating children are eligible for free or reduced price meals. This provision was first added as a temporary 1-year measure to the National School Lunch Act in FY 2001 appropriations. Since that time, the provision had been extended with each subsequent appropriation. Prior to FY 2001, for-profit centers could only participate in the Program if they receive title XX funds for 25 percent of the enrolled children or 25 percent of licensed capacity, whichever is less. Thus, since December 2000, private for-profit centers have been able to participate in the CACFP in two ways—based either on receipt of title XX funds on behalf of enrolled children or on the children's eligibility for free or reduced price meals. Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 226

Legal Deadline: None

Abstract: This rule will amend the CACFP regulations to implement a provision from the Child Nutrition and WIC Reauthorization Act of 2004 that increased the duration of tiering status determinations to five years for participating family day care homes when based on school data. This provision constitutes a reduction in both administrative workload and paperwork burden for State agencies and sponsoring organizations since they only have to perform redeterminations every 5 years instead of every 3 years. Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 226

Legal Deadline: None

USDA—FNS

Final Rule Stage

Abstract: This rule will amend the CACFP regulations to implement a provision from the Child Nutrition and WIC Reauthorization Act of 2004 that authorized the use of permanent agreements between sponsoring organizations and family or group day care homes participating in the Child and Adult Care Food Program (CACFP). These agreements record specific rights and responsibilities of both sponsoring organizations and the family or group day care homes. The rule will stipulate that while the agreement is permanent, it does not remove the right of the sponsoring organization to terminate a family or group day care home for cause or convenience, nor does it remove the right of a day care home provider to change sponsors in accordance with current regulations. This rule will also permit sponsoring organizations to amend the permanent agreement when there is a change in program policy or meal services. (04-027)

AND REGULATION CONSOLIDATION**
Priority: Substantive, Nonsignificant**Legal Authority:** 21 USC 451 to 470;
21 USC 601 to 695**CFR Citation:** 9 CFR 317; 9 CFR 327;
9 CFR 381; 9 CFR 412**Legal Deadline:** None

Abstract: This rulemaking will continue an effort initiated several years ago by amending FSIS's regulations to expand the types of labeling that are generically approved. FSIS plans to propose that the submission of labeling for approval prior to use be limited to certain types of labeling, as specified in the regulations. In addition, FSIS plans to reorganize and amend the regulations by consolidating the nutrition labeling rules that currently are stated separately for livestock products and poultry products (in part 317, subpart B, and part 381, subpart Y, respectively) and by amending their provisions to set out clearly various circumstances under which these products are misbranded.

**340. PERFORMANCE CRITERIA FOR
ON-LINE ANTIMICROBIAL
REPROCESSING OF PRE-CHILL
POULTRY CARCASSES**
Priority: Other Significant**Legal Authority:** 21 USC 451 to 470**CFR Citation:** 9 CFR 381; 9 CFR 424**Legal Deadline:** None

Abstract: This rule is proposing to allow, on a voluntary basis, the on-line antimicrobial reprocessing of pre-chill poultry that are accidentally contaminated with digestive tract contents during slaughter. The on-line criteria for the treated birds is expected to identify an indicator organism for process control at pre-chill. This pre-

chill criterion will be in addition to the post-chill standards for generic E. coli and Salmonella already required by the HACCP regulations. The Salmonella standard for those classes of poultry is a published performance standard.

The rule is being repropose because the Agency has determined that the standard for the on-line antimicrobially reprocessed poultry should be "as good as or better than" the visibly clean birds rather than a numerical standard. Instead of Salmonella or generic E. coli, the indicator organism will be Aerobic Plate Count (APC) for process control at pre-chill. This new direction will require establishments to develop a baseline for visibly clean untreated birds in order to determine whether the treated birds meet the standard of "as good as or better than."

Proposed Rule Stage

341. PETITIONS FOR RULEMAKING**Priority:** Substantive, Nonsignificant**Legal Authority:** 5 USC 553**CFR Citation:** 9 CFR 392**Legal Deadline:** None

Abstract: FSIS is proposing to amend its regulations to add a new part that prescribes procedures for the submission, consideration, and disposition of petitions for rulemaking. The proposal also describes the Agency's expectations for the type of documentation that should be submitted in support of a petition and that will facilitate regulatory development. FSIS is proposing this action to provide clear guidance to those who would like to participate in the rulemaking process by petitioning FSIS to issue, amend, or repeal a rule administered by the Agency.

Related RIN: Duplicate of 0583-AC92**RIN:** 0583-AD01**344. ANTE-MORTEM AND POST-MORTEM INSPECTION OF LIVESTOCK AND POULTRY**

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 21 USC 601 to 695 et seq; 7 USC 138 et seq; 21 USC 450 et seq; 21 USC 451 to 470 et seq; 7 CFR 2.18 to 2.53 et seq

CFR Citation: 9 CFR 309; 9 CFR 310; 9 CFR 381**Legal Deadline:** None

Abstract: FSIS is proposing to reform the regulations governing ante-mortem and post-mortem inspection of livestock and poultry. A number of the current regulations are no longer appropriate for the conditions under which meat and poultry products are produced and distributed today (e.g.,

splitting of sterna, prohibition of inflating carcasses). Others are duplicative regulations (e.g., those dealing with bruises and contamination) applying separately to meat and to poultry that could be combined into single regulations applying to both meat and poultry. Most emphasize the procedures for achieving regulatory objectives rather than the objectives themselves. This proposal would remove these prescriptive, detailed, or obsolete regulations or convert them to performance standards that are consistent with FSIS requirements for establishment-operated hazard analysis and critical control points (HACCP) systems and with the Agency's food safety regulatory strategy.

Under the proposal, the current ante-mortem requirements, listing objectionable diseases or conditions and corresponding actions to be taken, would be replaced by performance standards intended to ensure that only "normal," healthy animals that do not pose an evident hazard to public health are permitted to enter a slaughtering establishment. "Normal" animals would include those, for example, that are not running a temperature or that do not exhibit lesions of disease or behaviors characteristic of central nervous system disorders. Similarly, the post-mortem regulations, with their lists of conditions and detailed, command-and-control procedures, would be streamlined. The prescriptive provisions would be replaced by performance standards relating to food safety.

This proposal would also recodify the ante-mortem and post-mortem inspection regulations for livestock and poultry. To the extent possible, consistent with the Federal Meat Inspection Act and the Poultry Products Inspection Act, regulations concerning livestock and meat carcasses and parts, and those concerning poultry carcasses and parts, would be designated to the same parts and sections of the Code of Federal Regulations. These changes would be part of the ongoing Agency effort to make the regulations more streamlined and user-friendly.

Abstract: The Food Safety and Inspection Service (FSIS) is proposing to amend the federal meat and poultry products inspection regulations to provide that the Agency will make available to the general public lists of the retail consignees of meat and poultry products that have been voluntarily recalled by a federally inspected meat or poultry products establishment. FSIS is proposing this action because it believes that making this information available will be of significant value to consumers and the industry. It will clarify what products should be removed from commerce and from consumers' possession because there is reason to believe they are adulterated or misbranded, and it will help to clarify that other, similar types of products are safe to consume and are not misbranded.

349. • REQUIRING INDUSTRY E. COLI O157:H7 TEST RESULTS FOR RAW BEEF PRODUCTS BEING MAINTAINED IN ONE SPECIFIC LOCATION IN THE ESTABLISHMENT

Priority: Other Significant**Legal Authority:** 21 USC 677**CFR Citation:** 9 CFR 320**Legal Deadline:** None

Abstract: FSIS is proposing to require that an establishment's *Escherichia coli* (*E. coli*) O157:H7 test result records for raw beef products be kept in one specific location in the establishment, for as long as such records are required to be maintained in the establishment under applicable HACCP regulations. *E. coli* O157:H7 test result records required to be kept would include records of the establishment's testing (including screening and confirmation testing) of raw beef products produced at or received by the establishment and records of results of testing of such products (including screening and confirmation testing) conducted by a laboratory with which the establishment has contracted. FSIS is proposing that the establishment designate the specific location where it keeps these *E. coli* O157:H7 test result records in the establishment. In addition, FSIS is proposing that the establishment must inform an FSIS employee of the specific location where it keeps these *E. coli* O157:H7 test result records, verbally or in writing,

and that, if the establishment changes the location where it keeps these test result records, the establishment must notify an FSIS employee of the new location, verbally or in writing. Finally, FSIS is proposing that the Agency would have access to these test result records for review and copying.

350. PERFORMANCE STANDARDS FOR THE PRODUCTION OF PROCESSED MEAT AND POULTRY PRODUCTS

Regulatory Plan: This entry is Seq. No. 20 in part II of this issue of the *Federal Register*.

RIN: 0583-AC46**CFR Citation:** 9 CFR 381.172; 9 CFR 319.10**Legal Deadline:** None

Abstract: FSIS is amending the Federal meat and poultry inspection regulations to establish a general definition and standard of identity for standardized meat and poultry products that have been modified to qualify for use of an expressed nutrient content claim in their product names. These products will be identified by an expressed nutrient content claim, such as "fat free," "low fat," and "light," in conjunction with an appropriate standardized term. FSIS is taking this action to 1) assist consumers to maintain healthy dietary practices by providing for modified versions of standardized meat and poultry products that have reductions of certain constituents that are of health concern to some people, 2) increase regulatory flexibility and support product innovation and, 3) provide consumers with an informative nutrition labeling system.

Priority: Other Significant**Legal Authority:** 21 USC 451**CFR Citation:** 9 CFR 381.170(a)**Legal Deadline:** None

USDA—FSIS

Final Rule Stage

Abstract: FSIS is proposing to amend the official U.S. classes of poultry so that they more accurately and clearly describe the characteristics of poultry in the market today. Poultry classes are defined primarily in terms of age and sex of the bird. Genetic improvements and new poultry management techniques have reduced the grow-out period for some poultry classes while extensive cross breeding has produced poultry with higher meat yields but blurred breed distinctions. This action is being taken to ensure that poultry products are labeled in a truthful and non-misleading manner. The rule will update existing regulations to reflect current poultry characteristics and production practices. Therefore, the impact on the poultry industry is expected to be minimal.

356. MEAT PRODUCED BY ADVANCED MEAT/BONE SEPARATION MACHINERY AND MEAT RECOVERY SYSTEMS

Priority: Other Significant**Legal Authority:** 21 USC 601 to 695**CFR Citation:** 9 CFR 301.2; 9 CFR 318.24 (Revision); 9 CFR 320.1**Legal Deadline:** None

Abstract: On January 12, 2004, the Food Safety and Inspection Service (FSIS) issued an interim final rule to amend the Federal meat inspection regulations. The rule is designed, in part, to prevent human exposure to the Bovine Spongiform Encephalopathy (BSE) agent by ensuring that Advanced Meat/Bone Separation Machinery and Meat Recovery (AMR) systems are not a means of introducing central nervous system (CNS)-type tissue into product labeled as "meat." Meat may be derived by mechanically separating skeletal muscle tissue from the bones of livestock, other than skulls or vertebral column bones of cattle 30 months of age and older, using advances in mechanical meat/bone separation machinery; i.e., AMR systems. The recovered meat product may not incorporate any brain, trigeminal

ganglia, spinal cord, or dorsal root ganglia tissues. In addition, there must be no more than a non-significant incorporation of bone solids or bone marrow as measured by the presence of calcium and iron in excess of the requirements in the interim final rule. This rule also requires that federally inspected establishments that process cattle develop, implement, and maintain written procedures for the removal, segregation, and disposition of specified risk materials (SRMs), including non-complying products from beef AMR systems. These procedures are required to be incorporated into an establishment's HACCP plan, Sanitation Standard Operation Procedures, or other prerequisite program. FSIS took this action in response to the diagnosis on December 23, 2003, by the Department of Agriculture of a positive case of BSE in an adult Holstein cow in the State of Washington.

Priority: Other Significant**Legal Authority:** Federal Meat Inspection Act; . . .**CFR Citation:** 9 CFR 313**Legal Deadline:** None

USDA—FSIS

Final Rule Stage

Abstract: The Food Safety and Inspection Service (FSIS) is amending the Federal meat inspection regulations to prohibit the use of penetrative captive bolt stunning devices that deliberately inject air into the cranial cavity of cattle. This rulemaking responds to the findings of a risk assessment on bovine spongiform encephalopathy (BSE) conducted by the Harvard Center for Risk Analysis (referred to as the Harvard study) and is part of a series of actions that the USDA is taking to strengthen its BSE prevention programs.

Abstract: This proposed rule will establish a uniform compliance date for food labeling regulations to minimize the economic impact of labeling changes by providing for an orderly industry adjustment to new labeling requirements. If these labeling changes were effective on separate dates, the cumulative financial impact on the meat and poultry industry to incorporate these frequent changes would be substantial. Further, FSIS proposes to establish the uniform compliance date to be consistent with the approach that the Food and Drug Administration, HHS, has already established.

RIN: 0583-AD05**359. ● FREQUENCY OF FOREIGN INSPECTION SYSTEM SUPERVISORY VISITS TO CERTIFIED FOREIGN ESTABLISHMENTS****Priority:** Substantive, Nonsignificant**Legal Authority:** 21 USC 601 to 695;; 7 CFR 2.18, 2.53; 7 USC 138f, 450; 21 USC 451 to 470**CFR Citation:** 9 CFR 327.2; 9 CFR 381.96**Legal Deadline:** None

Abstract: FSIS is proposing to amend its regulations to change the required frequency of foreign inspection system supervisory visits to certified foreign establishments so as to bring FSIS import requirements into agreement with its requirements for domestic establishments. FSIS is proposing to delete the current requirement that supervisory visits take place "not less frequent[ly] than one such visit per month." In its place, FSIS is proposing to require foreign inspection systems to make "periodic supervisory visits" to certified establishments in order to ensure that such establishments continue to meet FSIS requirements for certification to export meat and poultry to the United States. 361. NUTRITION LABELING OF MEAT AND POULTRY PRODUCTS (COMPLETION OF A SECTION 610 REVIEW)**Priority:** Other Significant**Legal Authority:** 5 USC 610; 21 USC 601; 21 USC 453; . . .**CFR Citation:** 9 CFR 317; 9 CFR 318; 9 CFR 381**Legal Deadline:** Other, Statutory, June 2004, Review mandated to conclude within 12 months after initial announcement of review.

Section 610 of the RFA mandates that this review be concluded within 12 months after its commencement date.

Abstract: On January 6, 1993, the Department of Agriculture, Food Safety and Inspection Service (FSIS) amended the Federal meat and poultry products inspection regulations with promulgation of the aforementioned final rule (58 FR 632) to (1) permit voluntary nutrition labeling on single-ingredient, raw meat and poultry products; and (2) to establish mandatory nutrition labeling requirements for all other meat and poultry products, notwithstanding specific exceptions.

Promulgation Purpose and Legal Basis: Sections 1(n) of the Federal Meat Inspection Act (FMIA), and 4(h) of the Poultry Products Inspection Act (PPIA) establish the Secretary of Agriculture's statutory responsibility for ensuring that meat and meat food products, prepared and intended to be distributed in commerce, are not adulterated, misbranded, or improperly marked, labeled, and packaged (21 U.S.C. 601(n)(1); 21 U.S.C. 453(4)(h)).

On November 8, 1990, the Nutrition Labeling and Education Act of 1990 (NLEA) was enacted by Public Law 101.535 (104 Stat. 2353). The statute amended certain provisions of the Federal Food, Drug, and Cosmetic Act and required: (1) Mandatory nutrition labeling for most of the Food and Drug Administration's (FDA) regulated packaged food products; and (2) issuance of voluntary nutrition

guidelines to food retailers for providing nutrition information on 20 of each most frequently consumed during a year varieties of raw vegetables, raw fruits, and raw fish. However, if food retailers failed to substantially comply with the voluntary guidelines, the NLEA requires FDA to issue mandatory requirements.

FSIS' final rule entitled, "Nutrition Labeling of Meat and Poultry Products," will be reviewed under the Regulatory Flexibility Act's section 610 provisions within the succeeding 12 months. Accordingly, the FSIS invites all interested parties to submit comments on: (1) The continued need for the rule; (2) the complexity of the rule; (3) the extent to which the rule overlaps, duplicates, or conflicts with other Federal, State, and local rules; (4) the nature of complaints or comments received concerning the rule from the public; and (5) the technology and economic conditions, or other factors, which have changed the specific area affected by the rule.

The Agency's rationale for allowing different criteria than FDA's for these products was that meal-type products have potentially large variations in the amount customarily consumed (6 to 12 ounces), and the average serving size would not be an appropriate basis for comparing nutrients. This final rule also adopts the definition of "main dish" used by FDA and defines how meal-type and main dish products should be nutritionally labeled. In its petition, ConAgra, Inc., cited recent changes in consumer preferences for these products as the basis for change.**Timetable:**

Proposed Rule Stage
363. NEW PROVISIONS AND REVISIONS TO SUGAR REEXPORT PROGRAMS UNDER 7 CFR 1530

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Unfunded Mandates: Undetermined

Legal Authority: 19 USC 1202; 19 USC 3314

CFR Citation: 7 CFR 1530

Legal Deadline: None

Abstract: This regulation governs the importation of world price sugar and its subsequent use as a refined reexport, product ingredient, or input into the production of polyhydric alcohols. The proposed amendments and/or modifications are principally aimed at reorganizing and simplifying the complexity of the current regulation; clarifying certain definitions, including the coverage of beet and cane sugar; extending the scope of the regulation to specially include toll operations, which was inadvertently omitted; and implementing Mexico-NAFTA legal commitments. The proposed action will provide for increased operational efficiencies and promote the Government's objectives regarding regulatory simplification.

365. PROGRAM TO PROVIDE TECHNICAL ASSISTANCE TO PROMOTE U.S. AGRICULTURAL EXPORTS TO EMERGING MARKETS (EMERGING MARKETS PROGRAM)

Priority: Other Significant

Legal Authority: 7 USC 5622 note

CFR Citation: None

Legal Deadline: None

Abstract: This rule proposes to establish regulations applicable to the Emerging Markets Program, currently authorized by the Food, Agriculture, Conservation, and Trade Act of 1990 and amended by the Federal Agriculture Improvement and Reform Act of 1996. The Emerging Markets Program currently operates under agency guidelines. The proposed rule

would amend and codify the existing guidelines. Codification of the guidelines should not change program administration noticeably. Because the program is already in operation under agency guidelines, this proposal would have no significant impact on the U.S. economy.

The proposed rule will provide specific regulations concerning program administration. Significant provisions include definitions of emerging market and country eligibility, program objectives and priorities, eligible organizations, qualification requirements, application and review processes, decisions and appeals, reimbursement rules and procedures, reporting requirements, evaluations, and program controls.

**368. INDIAN ALLOTMENTS ON
NATIONAL FOREST SYSTEM LANDS**

Priority: Other Significant

Legal Authority: 16 USC 472; 16 USC
551; 16 USC 1603; 43 USC 1740; 25
USC 337

CFR Citation: 36 CFR 254

Legal Deadline: None

Abstract: This proposed rule sets forth the Forest Service role and procedures in the conveyance of Indian allotments on National Forest System (NFS) lands. The Indian Allotment Act of 1910, as amended, authorizes the Secretary of the Interior to make allotments of NFS lands to American Indians for homesteading and agricultural and grazing purposes, but only after a determination by the Secretary of Agriculture that the lands are more valuable for agriculture or grazing than for timber. The Forest Service has relied upon U.S. Department of the Interior rules and procedures at 43 CFR part 2533 to govern its involvement in

Indian allotment cases. Litigation and a decision by the Interior Board of Land Appeals require the Forest Service to set forth its own regulations. This proposed rule clarifies the role of the Forest Service in the allotment process. It preserves the rights of affected individual American Indians who wish to apply for allotments on NFS lands. An earlier version of this proposed rule was published in the Federal Register on June 22, 1987 (52 FR 23473). Very few comments were received on the 1987 proposed rule, and this revision of the proposed rule makes only limited changes needed to update the rule due to the passage of 17 years since publication of the first version of the proposed rule. Because of the amount of time that has elapsed since the earlier version of the proposed rule was published, the agency believes that it is in the public interest to publish a revised proposed rule and request comment prior to adopting a final rule.

DOMESTIC MANUFACTURING NEEDS**

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 620 et seq

USDA—FS

Proposed Rule Stage

CFR Citation: 36 CFR 223.200

Legal Deadline: None

Abstract: This proposed rule would amend 36 CFR 223.200 to list species proposed to be surplus to domestic manufacturing needs. This proposed rule would implement a portion of section 620a(b) of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620 et seq.). Section 620a(a) of the Act provides that no person who acquires unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States may export such timber from the United States, or sell, trade, exchange, or otherwise convey such timber from the United States, unless such timber has been determined under subsection (b) to be surplus to the needs of timber manufacturing facilities in the United States. Section 620a(b) of the Act provides that the prohibition contained in subsection (a) shall not apply to specific quantities of grades and species of unprocessed timber originating in Federal lands which the Secretary determines, through rulemaking, to be surplus to domestic manufacturing needs.

370. APPEAL OF DECISIONS RELATING TO OCCUPANCY AND USE OF NATIONAL FOREST SYSTEM LANDS

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 472; 16 USC 551

CFR Citation: 36 CFR 251; 36 CFR 214

Legal Deadline: None

Abstract: The Forest Service is publishing a proposed rule to

redesignate appeals of decisions relating to occupancy and use of National Forest System lands from 36 CFR part 251 to 36 CFR part 214, thus placing all appeal rules in close proximity. The current rule at 36 CFR part 251 also needs to be updated for conformance with the Appeal Reform Act. The proposed rule would revise a number of existing provisions. For example, changes to part 251 would remove the review of decisions subject to the National Environmental Policy Act and place this kind of appeal under 36 CFR part 215, thus narrowing the scope of part 251 subpart C to actions that administer existing special use authorizations, such as written decisions that modify, suspend, or cancel an authorization. Additionally, the proposed rule would clarify that this is the appropriate part for appeal of decisions related to locatable mining operations. Among specific changes being proposed are establishing the Regional Forester as the appellate level for review of both District Ranger and Forest Supervisor decisions; eliminating the discretionary review option; establishing timeframes for scheduling oral presentations; clarifying that decisions to deny permits for noncommercial group use are not subject to appeal, but rather are immediately subject to judicial review; and making changes to conform terminology and definitions with 36 CFR part 215.

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 1011(f); 16 USC 472; 16 USC 551; 16 USC 559(a) to 559(g); 40 USC 484(m)

CFR Citation: 36 CFR 262

Legal Deadline: None

Abstract: On February 16, 1994 (59 FR 7880), the Forest Service published a proposed rule for 36 CFR part 261, Prohibitions, and part 262, Law Enforcement Support Activities. Due to the high level of interest in and comment on part 261, the decision was made to publish second proposed rules separately for each part.

The Forest Service is proceeding with publication of a second proposed rule for part 262, Law Enforcement Support Activities. The proposed revisions to part 262 are narrow in scope and are meant to clarify specific administrative provisions. In particular, they address the limitations and conditions for paying rewards in connection to fire or property prosecution; clarify the rules regarding the purchase of information or evidence in furtherance of investigations; and clarify certain actions and regulations regarding the impoundment, removal, and disposition of animals and personal property from National Forest System lands. The proposed rule also responds to comments concerning part 262 that were received in response to the proposed rule published in 1994. The majority of those comments referred to how the rule defines certain terms. To address those comments in this second proposed rule, the agency proposes to add a new section for definitions.

372. NONCOMPETITIVE SALE OF TIMBER; TIMBER SUBSTITUTION**Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 472(a)**CFR Citation:** 36 CFR 223.85**Legal Deadline:** None

Abstract: This proposed rule would revise 36 CFR 223.85 by changing the reference to 16 U.S.C. 472(d) to 16 U.S.C. 472a(d). This proposed rule would revise the existing regulations regarding noncompetitive sale of timber based on the Secretary of Agriculture's determination that "extraordinary conditions" exist to apply to sales agency wide. This proposed rule would add paragraph (c), which further defines extraordinary conditions to allow forest officers, without advertisement, to make modifications to awarded timber and forest product sales, which result in the substitution of timber or forest products from outside the sale area specified in the contract. This would be applied to situations where replacement timber from outside the sale area could be substituted for timber lost as a result of litigation or catastrophic events. Substitute timber or forest products must be from the same National Environmental Policy Act (NEPA) analysis area, and meet agency requirements for compliance with the NEPA, the National Forest Management Act, and notice, comment, and appeal procedures at 36 CFR part 215. This proposed rule would authorize the Forest Service to propose timber sale modifications and to enter into discussions with purchasers on such modifications. But, timber purchasers would not be obligated to accept any proposed modifications.

To the extent that timber sale cancellations and partial cancellations are avoided, the effect of this proposed rule would be to reduce future damage claims on timber sales.

Abstract: This proposed rule for timber export and substitution restrictions would implement the provisions of the Forest Resources Conservation and Shortage Relief Act of 1990, as amended in 1997. The proposed rule defines the certain terms necessary to facilitate uniform compliance; prohibits transfer of unprocessed private timber for export by a person who possesses or acquires unprocessed Federal timber; prohibits export of such unprocessed private timber by a third or successive party; prescribes procedures for reporting the acquisition and disposition of National Forest System (NFS) and private timber requiring domestic processing, including transfers; prescribes procedures for identifying unprocessed NFS and private timber requiring domestic processing; and establishes procedures for assessing civil and criminal penalties and applying administrative remedies for violations of the Act, its implementing regulations, and contracts subject to the Act.

378. GRAZING PERMIT ADMINISTRATION (PROPOSED DIRECTIVES, FOREST SERVICE HANDBOOK 2209.13, CHAPTERS 10 AND 20)

Priority: Substantive, Nonsignificant**Legal Authority:** 16 USC 5801**CFR Citation:** None**Legal Deadline:** None

Abstract: Updated national direction is needed to ensure the agency is both current and consistent in working with grazing permittees in all Forest Service Regions. The Forest Service is

proposing to issue amendments to certain chapters and sections of Forest Service Manual (FSM) title 2200, Rangeland Management, and to all chapters of Forest Service Handbook (FSH) 2209.13, Grazing Permit Administration. The last substantive amendments to both FSM 2200 and FSH 2209.13 were made in 1985. Clarifications and adjustments in policy are necessary to respond to changing needs of both the Forest Service and the livestock industry and to make the agency's policy current with legislation, court decisions, and agency management. The Forest Service has determined that two chapters in FSH 2209.13 require public notice and comment before the amendments can be finalized: Chapter 10, Permits With Term Status, and chapter 20, Grazing Agreements. Both chapters contain substantive changes to agency operating procedures that affect how the Forest Service does business with permittees, grazing associations, and applicants for livestock grazing authorizations.

380. WATERSHED FORESTRY ASSISTANCE PROGRAM

Priority: Other Significant

Legal Authority: PL 108-148

CFR Citation: None

Legal Deadline: None

Abstract: Section 302 of title III of the Healthy Forests Restoration Act of 2003 (Pub. L. 108-148), through an amendment to the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2103a), directs the Secretary of Agriculture to establish the Watershed Forestry Assistance Program (WFAP), which would be administered by the Forest Service and implemented by the State Foresters or equivalent State officials. The Forest Service is working with State Foresters to develop guidelines for implementing WFAP. The purpose of WFAP is to address watershed issues on non-Federal forested and potentially forested land. The program's goals are to improve watershed health through forestry practices; to build partnerships; to promote collaborative watershed approaches; and to provide technical, financial, and educational assistance to qualified landowners and entities. Section 302 of the act requires the development of (1) a watershed forestry

technical assistance program and (2) a watershed forestry cost-share program. The WFAP is very similar to other State and Private Forestry cooperative grant and agreement programs that the Forest Service has managed over the past 50 years.

The WFAP guidelines will establish the criteria that State Foresters and landowners and other entities must meet in implementing WFAP. These criteria include landowner/entity eligibility and responsibilities, acceptable watershed forestry projects, and selection of priority watersheds. The guidelines also will establish budget allocation procedures and monitoring and accomplishment reporting requirements. The guidelines will, to the extent consistent with Federal accountability and oversight responsibility, allow flexibility to the States to implement the program in a manner consistent with local needs and opportunities.

The Forest Service plans to publish a proposed guideline with request for comment in the Federal Register. Comments received will be considered in the development of the final guideline and additional agency directives issued to Forest Service Manual (FSM) 3500, Cooperative Watershed Management.

381. TRIBAL WATERSHED FORESTRY ASSISTANCE PROGRAM

Priority: Other Significant

Legal Authority: PL 108-148

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service, in cooperation with Indian Tribes, is preparing a proposed guideline for implementing the Tribal Watershed Forestry Assistance Program (TWFAP) authorized in title III, section 303, of the Healthy Forests Restoration Act of 2003 (Pub. L. 108-148). The purpose of TWFAP is to address watershed issues on lands under tribal jurisdiction. The program's goals are to improve watershed health through forestry practices; to build partnerships; to promote collaborative watershed approaches; and to provide technical, financial, and educational assistance to participating Tribes. Section 303 of the act requires development of (1) a tribal watershed forestry technical assistance program and (2) a tribal watershed forestry award program.

The Forest Service plans to publish a proposed guideline with request for comment in the Federal Register. Comments received will be considered in the development of the final guideline and additional agency directives issued to Forest Service Manual (FSM) 3500, Cooperative Watershed Management.

382. • ONSHORE OIL AND GAS OPERATIONS; FEDERAL AND INDIAN OIL AND GAS LEASES; ONSHORE OIL AND GAS ORDER NUMBER 1, APPROVAL OF OPERATIONS

Priority: Substantive, Nonsignificant

Legal Authority: 30 USC 223 et seq

CFR Citation: 36 CFR 228

Legal Deadline: None

Abstract: Through a joint Federal Register publication, the Bureau of Land Management (BLM), acting as lead agency, and the Forest Service are proposing to revise the current 1983 Onshore Oil and Gas Order Number 1 (Order). The new proposed Order is being jointly published by the Forest Service and the BLM to facilitate common conservation practices and procedures across agency boundaries.

The Order provides the requirements necessary for the approval of all proposed oil and gas exploratory, development, or service wells on all Federal and Indian (except Osage Tribe) onshore oil and gas leases. The revision is necessary due to provisions of the 1987 Federal Onshore Oil and Gas Leasing Reform Act, legal opinions, court cases since the Order was issued in 1983, and other policy and procedural changes. The revised Order would address the submittal of a complete Application for Permit to Drill or Deepen package (APD), including a Drilling Plan, Surface Use Plan or Operations, evidence of bond coverage, operator certification, and clarification as to when a BLM right-of-way grant or Forest Service special use permit are needed to authorize secondary uses supporting the oil and gas operation.

The proposed rule changes to 36 CFR part 228 would include: (1) Removal of a specific reference to the 1983 Order to a reference that plans of operations or master development plans be submitted “in accordance with the current applicable Onshore Oil and Gas Order,” (2) removal of the appendix (text of 1983 Order), and (3) removal of a non-existent cross-reference to appeal procedures at 36 CFR part 217 and replacing that reference with “the current applicable agency appeal procedures.”

The proposed rule provides for a 60-day notice and comment period. Comments received on the proposed rule will be considered in the development of a final rule.

383. PREDATOR DAMAGE MANAGEMENT (PROPOSED DIRECTIVE, FOREST SERVICE MANUAL, CHAPTER 2320)

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 426

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is publishing a notice of proposed directive to FSM 2320 to clarify the role of the Forest Service in predator damage management in wilderness. In 1993, the Forest Service entered into a memorandum of understanding (MOU) with the Animal and Plant Health Inspection Service-Wildlife Services (APHIS-WS) to clarify the Forest Service's role in working with APHIS-WS regarding predator damage management activities conducted by APHIS-WS on National Forest System lands. In 1995, direction was issued to FSM 2650 to bring Forest Service policy on predator damage management into conformance with the MOU. Additionally in 1995, an interim directive to FSM 2323.33c was issued regarding predator damage management in wilderness to conform with both the MOU and FSM 2650. The interim directive clarified the role of APHIS-WS as the lead agency in preparing environmental documentation for predator control activities initiated by APHIS. The interim directive to FSM

2323.33c was reissued in 1997, and expired in 1998. Therefore, the current direction in effect in FSM chapter 2320 does not reflect the MOU, or policy changes made in FSM 2650. A Washington Office team is working with Regional staff, APHIS-WS, and the Office of General Counsel to amend FSM 2320 to conform with the MOU, FSM 2650, and clarify and strengthen the Forest Service's role and responsibility regarding predator damage management action in wilderness. Comments received on this proposed directive will be considered in the development of the final directive.

384. RECREATION EVENT FEES (PROPOSED DIRECTIVE, FOREST SERVICE MANUAL, CHAPTER 2720)

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 497, 551

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is publishing a proposed directive to amend Forest Service Manual 2721.49 regarding the basis of determining fees for recreation events. Currently, fees are based on a percentage of gross revenues. The proposed fee system would establish a fee based on the number of people involved in the event. This modification in the fee system would result in fees similar to the Bureau of Land Management for this type of use. Additionally, the modification would reduce the administrative workload, for both holders and the Government, associated with the auditing of records for permits

USDA—FS

Proposed Rule Stage

that generate less than \$100,000 in revenue.

385. OUTFITTER AND GUIDE SPECIAL USE AUTHORIZATIONS (PROPOSED DIRECTIVES, FOREST SERVICE HANDBOOK 2709.11, CHAPTERS 30 AND 40)

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 497

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is publishing a proposed directive to amend certain portions of agency direction for outfitter/guide special use authorizations. This action is being taken to ensure quality long term public service and reduce administrative burden to small business and the agency. The proposed directive would revise a number of existing provisions and provide new direction. For example, the current fee system would change from one based on a percentage of gross revenue to a flat fee, guidance for considering capacity analysis would be developed, and the transfer and renewal of existing authorizations and the accommodation of short term use would be clarified.

386. • SECRETARY DETERMINATION THAT DOMESTIC SPECIES OF UNPROCESSED TIMBER ARE SURPLUS TO DOMESTIC NEEDS WITHIN ZONE OF SOUTHERN CALIFORNIA

Priority: Other Significant

Legal Authority: 16 USC 620

CFR Citation: 36 CFR 223.200(d)

Legal Deadline: None

Abstract: The Forest Service is proposing to amend 36 CFR 223.200 to add a new paragraph (d) to address the Secretary of Agriculture's proposed determination that domestic species of unprocessed timber within the zone of southern California are being considered surplus to domestic needs. Section 439 of Public Law 101-382, the Forest Resources Conservation and Shortage Relief Act (16 U.S.C. 620 note, 620, 620a-j) established special authorities for determining if specific quantities of grades and species of unprocessed timber originating from Federal lands is surplus to domestic manufacturing needs.

Extended drought conditions, overstocking, and increased bark beetle activities have created a forest health and fuels management crisis on national forests in southern California. The San Bernardino National Forest, the most heavily impacted national forest, has identified over 100,000 acres of dead and dying timber for priority treatment, with an estimated 140 million board feet of salvage volume. As of September 2003, over 474,000 acres of the gross acreage within the forest boundary is showing significant vegetative mortality. Processing infrastructure such as loggers, log truckers, or mills do not exist in the area. Most of this timber volume is economically inaccessible to the domestic timber market.

The Secretary's proposed determination that domestic species of unprocessed timber is surplus to domestic needs would allow the lifting of export restrictions so unprocessed timber

could be offered on the foreign market. This action would increase utilization of dead and dying timber, increase capability to reduce hazardous fuels, and decrease government costs.

387. • NOTICE, COMMENT, AND APPEAL PROCEDURES FOR NATIONAL FOREST SYSTEM PROJECTS AND ACTIVITIES

Priority: Other Significant

Legal Authority: 16 USC 472, 551, 1612 note

CFR Citation: 36 CFR 215

Legal Deadline: None

Abstract: The Forest Service recently promulgated a final rule on June 4, 2003 (68 FR 33595), at 36 CFR part 215, to establish a process by which the public can receive notice and be provided an opportunity to comment on proposed actions for projects and activities implementing a land and resource management plan prior to a decision by the Responsible Official. The rule also established an appeal process and identified the decisions that may be appealed, who may appeal those decisions, the responsibilities of the participants in an appeal, and the procedures that apply for the prompt disposition of the appeal.

Since publishing the current rule at 36 CFR part 215, the Forest Service has identified inconsistencies between sections of this regulation, sections that are inconsistent with other regulations, and some inadvertent omissions. Therefore, the Forest Service is proposing a technical amendment to the rule to resolve inconsistencies and clarify intent.

388. SALE AND DISPOSAL OF NATIONAL FOREST TIMBER; CANCELLATION OF TIMBER SALE CONTRACTS

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 472a; 16 USC 551; 16 USC 618

CFR Citation: 36 CFR 223.30; 36 CFR 223.40; 36 CFR 223.116

Legal Deadline: None

Abstract: The Forest Service is issuing a final rule to revise current regulations regarding cancellation of timber sale contracts, permits, and other such instruments authorizing the sale or harvest of timber or other forest products. This rule is needed to clarify when, why, and by whom contracts may be cancelled to remove redundant provisions and to provide a new formula for compensation when the Government must cancel timber sale contracts. The Forest Service takes every precaution before authorizing a particular activity on National Forest System lands to ensure that its authorization conforms with existing laws and with existing conditions on the ground at the time of the authorization. The current regulations place an inappropriate amount of financial liability on the Forest Service when the agency must, for reasons of public policy, judicial decision, or statutory direction, cancel a timber sale contract or permit. The regulatory changes are necessary because the Forest Service is unable to continue bearing the majority of the financial risk and burden of contract cancellations. This rule would more reasonably allocate the risk between the Government and private parties. Establishing these reasonable limits to the Government's exposure to financial liability and burden of risk in the event of contractual changes or contract cancellations is critical to protecting the public's financial interests.

389. LAND USES; SPECIAL USES; RECOVERY OF COSTS FOR PROCESSING SPECIAL USE APPLICATIONS AND MONITORING COMPLIANCE WITH SPECIAL USE AUTHORIZATIONS

Priority: Other Significant

Legal Authority: 43 USC 1764; 30 USC 181

CFR Citation: 36 CFR 251

Legal Deadline: None

Abstract: This final rule, as authorized by the Mineral Leasing Act, the Federal Land Policy and Management Act, and other statutes, would provide for recovering costs associated with processing applications for special use authorizations to use and occupy National Forest System (NFS) lands and with monitoring compliance with these special use authorizations. The action is needed to provide timely reviews and evaluations of special use applications; to ensure that forest resources are adequately protected; and to ensure that holders comply with the terms and conditions of their

authorization. Promulgation of this rule would comply with requirements of OMB Circular A-25, section 7, which directs that user charges be instituted through promulgation of agency regulations implementing the authority for Federal agencies to recover costs under the Independent Officers Appropriations Act (IOAA). The rule would also respond to recommendations in GAO reports RCED-96-84 (April 1996) and RCED 97-16 (December 1996) that the Forest Service (1) operate its special uses program in a more cost-efficient and businesslike manner and (2) promulgate regulations allowing the Agency to exercise existing authority to recover from applicants and holders the Agency's costs to process special-use applications and monitor compliance with those authorizations. This rule would also make Forest Service procedures and fees related to cost recovery consistent with the Bureau of Land Management's (BLM) rules at 43 CFR parts 2800, 2880, and 2930.

390. SPECIAL FOREST PRODUCTS AND FOREST BOTANICAL PRODUCTS

Priority: Substantive, Nonsignificant

Legal Authority: PL 106-113

CFR Citation: 36 CFR 223

Legal Deadline: None

Abstract: The Forest Service is promulgating regulations for managing special forest products and forest botanical products. The regulations will guide the Forest Service in the administration of the broader category of special forest products. The interim final rule also implements Public Law 106-113, which authorizes a pilot program of charges and fees for harvest of forest botanical products. Forest botanical products include products, such as herbs, berries, seeds, and wildflowers that are not wood products. The intended effect of this rule is to give guidance and consistency for the sustainability and sale of special forest products including forest botanical products.

391. DETERMINING FAIR MARKET VALUE FOR RECREATION RESIDENCE USE AUTHORIZATIONS

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 497; PL 106-291, title VI

CFR Citation: 36 CFR 251

Legal Deadline: None

Abstract: The Appropriations Act for the Department of the Interior and Related Agencies for Fiscal Year 2001 (Pub. L. 106-291) contains provisions in title VI "Cabin User Fee Fairness Act of 2000" to ensure consistent and fair processes for appraising the fee simple value of recreation residence lots on National Forest System (NFS) lands. The Forest Service is adopting final regulations at 36 CFR part 251, subpart B, and final policy in the Forest Service Manual (FSM) 2347 and FSM 2721, and Forest Service Handbook (FSH) 2709.11, section 33, and FSH 5409.12, chapter 6, that would provide the regulatory framework and Agency management direction necessary to implement the provisions of the act. The proposed policies and proposed rule were published on May 13, 2003 (68 FR 25748), with a 60-day comment period ending August 11, 2003. The proposed rule and proposed policy included provisions for establishing a base annual fee and a new appraisal cycle, conducting inventories of recreation residence lots, and setting out appeal and judicial review processes and appraisal guidelines for appraising the fee simple value of recreation residence lots. Approximately 950 comments were received, the majority of which were submitted by permit holders or organized associations of permit holders. The comments are being analyzed and will be considered in development of the final rule and policy.

394. DELEGATION OF AUTHORITY TO APPROVE FREE USE BY INDIVIDUALS

Priority: Info./Admin./Other

Legal Authority: 16 USC 472a

CFR Citation: 36 CFR 223.8

Legal Deadline: None

Abstract: The Forest Service is developing an interim final rule to revise the current regulations at 36 CFR 223.8 to increase the value of timber and special forest products on National Forest System lands made available for free use. The current regulation, which has not been updated for over 30 years, provides for free use of timber up to \$20 in value in any one fiscal year. Forest Supervisors may grant permits of material not exceeding \$100 in value. Regional Foresters may approve permits for larger amounts and, in times of emergency, may delegate authority to Forest Supervisors for up to \$500 in value. Prior approval is required by the Chief if the amount exceeds \$5,000 in value. The market value of timber and special forest products has increased, however, and therefore, the regulation needs to be updated to reflect current values. This increase will authorize Forest Supervisors and Regional Foresters to provide free use of timber and special forest products up to \$5,000 and \$10,000 in value respectively.

The interim final rule will be published in the Federal Register with request for public comment. Comments received will be considered in the development of the final rule.

395. TRAVEL MANAGEMENT, DESIGNATED ROUTES, AND AREAS FOR MOTOR VEHICLE USE

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 551; 23 USC 205

CFR Citation: 36 CFR 212, 251, 261, and 295

Legal Deadline: None

Abstract: The Forest Service will be publishing a final rule amending 36 CFR part 212 by establishing two subparts. Subpart A will be established for Administration of the Forest Transportation System and Subpart B will be established for Designation of Roads, Trails, and Areas for Motor Vehicle Use; 36 CFR part 295 will be incorporated into 36 CFR part 212, subpart B. The final rule will also clarify definitions and direction, and improve consistency in management of off-highway vehicles on National Forest System lands in an effort to blend broad agency policy with local decisionmaking. These changes ensure that collaborative efforts at the local level are integrated into decisionmaking.

Additionally, the final rule amends 36 CFR part 261 and 36 CFR part 251 to update language in current usage consistent with the changes to 36 CFR part 295 and 36 CFR part 212, and to add prohibitions not currently covered in existing regulations that would clarify the management and use of off-highway vehicles on National Forest System lands.

396. PREDECISIONAL ADMINISTRATIVE REVIEW AND OBJECTION PROCESS FOR PROJECTS AUTHORIZED UNDER HEALTHY FORESTS RESTORATION ACT OF 2003

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-148

CFR Citation: 36 CFR 215; 36 CFR 218, subpart A

Legal Deadline: Other, Statutory, January 5, 2004, PL 108-148, sec 105. The Healthy Forest Restoration Act of 2003 (HFRA) required the Secretary of Agriculture to promulgate interim final regulations within 30 days after the enactment of the act.

Abstract: The Healthy Forests Restoration Act of 2003 (HFRA) required that the Secretary of Agriculture promulgate interim final regulations to establish a predecisional administrative process whereby persons can seek administrative review and file objections for hazardous fuel reduction projects authorized under the act on National Forest System lands. The predecisional administrative review and objection process, which is limited to environmental assessments or environmental impact statements prepared pursuant to the HFRA, provides eligibility for participation in this review and objection process to individuals and organizations who submit comments specific to the authorized project during scoping or the public comment period. Objectors may file a written objection with the Reviewing Officer, who conducts the objection resolution process. Decisions by the Responsible Official on authorized projects occur after the Reviewing Officer has responded to all objections, and the Responsible Officer's decisions must be consistent with the Reviewing Officer's responses to the objections.

RIN: 0596-AC15**397. SALE AND DISPOSAL OF NATIONAL FOREST SYSTEM TIMBER; TIMBER SALE CONTRACTS; MODIFICATION OF CONTRACTS****Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 472a; 16 USC 618; 16 USC 620 to 620j**CFR Citation:** 36 CFR 223.112**Legal Deadline:** None

Abstract: The Forest Service is adopting a final rule at part 223, subpart B, of title 36, Code of Federal Regulations, section 223.112. This final rule authorizes timber sale contracting officers to modify contracts to provide a redetermination of stumpage rates and deposits to reflect significant timber market declines. This rule applies to existing timber sale contracts awarded after October 1, 1995, that have been suspended for more than 90 days, during the normal operating season because of administrative appeals or litigation, through no fault of the timber purchaser.

This final rule provides relief for purchasers in this situation by enabling them to obtain stumpage rate redeterminations to continue existing contracts after the suspension has been lifted to ensure the economic viability of the sale.

MAXIMUM TERM FOR OUTFITTER/GUIDE SPECIAL USE AUTHORIZATIONS (PROPOSED DIRECTIVE, FOREST SERVICE HANDBOOK (FSH) 2709.11, CHAPTER 40)****Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 497**CFR Citation:** None**Legal Deadline:** None

Abstract: The Forest Service is publishing a proposed directive to extend the term length for outfitter/guide special use authorizations from 5 to 10 years. This action is being taken to ensure quality long term public service by supporting a reasonable expectation of continuity for small businesses operating as outfitters and guides. This proposed directive would maintain consistent policy between the Bureau of Land Management and the Forest Service. The Bureau of Land Management, with whom the Forest Service shares many permitted outfitters and common agency direction, extended their special recreation permit term for outfitters from 5 to 10 years (69 FR 5702, February 6, 2004).

Final Rule Stage

400. • INTEGRATED RESOURCE CONTRACTS, FS-2400-13 AND FS-2400-13T (NOTICE OF INTERIM CONTRACTS)**Priority:** Substantive, Nonsignificant**Legal Authority:** PL 108-7**CFR Citation:** None**Legal Deadline:** None

Abstract: Section 323 of Public Law 108-7, the Consolidated Appropriations Resolution (16 U.S.C. 2104 note) established special authorities for stewardship contracting not addressed in existing Forest Service timber sale contracts. In general, the new authorities provide for including service work in timber sale contracts and applying the value of timber or other forest products removed as an offset against the cost of services received. Integrated Resource Contracts FS-2400-13 and FS-2400-13T are being

developed for use with stewardship end result contracting when the value of timber exceeds the cost of service work.

Except where they deviate to address the new authorities, the FS-2400-13 and FS-2400-13T contracts parallel recently revised timber sale contracts FS-2400-6 and FS-2400-6T, which became effective upon notice in the Federal Register on May 6, 2004 (69 FR 25367).

In order to fully implement the authorities under section 323 of Public Law 108-7, and because they are so similar to timber sale contracts FS-2400-6 and FS-2400-6T, the agency implemented interim use of the integrated resource contracts while public comments are being sought. Comments received will be considered in the development of the final contracts.

**408. GENERAL NONPROCUREMENT
REGULATIONS**

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 5 USC 901 et seq

CFR Citation: 7 CFR 3020

Legal Deadline: None

Abstract: USDA published 7 CFR part 3015, Uniform Federal Assistance Regulations, in 1981 to establish and codify departmentwide policies and standards for administering grants and cooperative agreements to governmental and nongovernmental entities. Since that time, the Office of Management and Budget has led efforts to establish Governmentwide common rules for governmental and nongovernmental recipients of grants and cooperative agreements. Consequently, over the years, USDA has codified its Governmentwide common rules in

other parts of title 7 of the CFR. This has resulted in corresponding amendments to part 3015 to revise its scope accordingly. We are proposing to remove part 3015 and to add part 3020 to parts of title 7. We are proposing to include other administrative requirements that were never codified. The alternative would be to continue to work with the disjointed, outdated part 3015. Expected results are that the new part 3020 will be more clear and concise and will only contain those cross-cutting requirements not included in other USDA departmentwide administrative regulations.

Legal Deadline: None

Abstract: This action will incorporate the requirement for housing-related projects (such as apartment buildings, nursing homes, group homes, and assisted living type facilities) to develop an Affirmative Fair Housing Marketing Plan (plan) when receiving funding from the Intermediary Relending Program, Rural Business Enterprise Grant Program, Rural Business Opportunity Grant Program, Rural Economic Development Loan and Grant Programs, and the Business and Industry Direct and Guaranteed Loan Programs. The plan will describe strategies to attract applications from

all groups in a housing market area and efforts to reach those persons in the market area who traditionally would not be expected to apply for housing. The Rural Housing Service Multifamily Housing Program regulations currently include this borrower requirement.

Proposed Rule Stage

direct and guaranteed loan and grant program for renewable energy systems and energy efficiency improvements for farmers, ranchers, and rural small businesses. For fiscal year (FY) 2003, a Notice of Funds Availability was published on April 8 for the grant program.

The proposed rule will establish regulations to implement the direct and guaranteed loan and grant program. These regulations will allow for the integration of all program authorities and permit full attention to all of the potential contingencies and issues.

Priority: Other Significant

Legal Authority: PL 107–171, sec 6029

CFR Citation: Not Yet Determined

Legal Deadline: None

USDA—RBS

Final Rule Stage

Abstract: This action will implement the provisions of section 6029 of the Farm Security and Rural Investment Act, which authorizes the Rural Business Investment Program. The purpose of the program is the establishment of equity capital investment in Rural Business Investment Companies and other entities through a combination of grants and guarantees of debentures with the objective of fostering economic development in rural areas. By law, the program is required to be administered by another Federal agency that has considerable expertise in operating a similar program. The Rural Business-Cooperative Service has contracted with the Small Business Administration.

422. RURAL BUSINESS ENTERPRISE GRANT PROGRAM—FARM BILL CHANGES

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 1932

CFR Citation: 7 CFR 1942

Legal Deadline: None

Abstract: Section 6020 of the Farm Security and Rural Investment Act of 2002 changed the definition of rural and rural area in the Consolidated Farm and Rural Development Act for certain programs including the Rural Business Enterprise Grant (RBEG) program. The definition now reads “any area other than a city or town that has a

population of greater than 50,000 inhabitants and the urbanized area contiguous and adjacent to such as a city or town.” The previous definition of rural and rural area was “any area that is not within the outer boundary of any city having a population of 50,000 or more and its immediately adjacent urbanized and urbanizing areas with a population density of more than 100 persons per square mile.” Therefore, the RBEG program, which is authorized under the Consolidated Farm and Rural Development Act, must be changed to reflect the current definition.

The Consolidated Farm and Rural Development Act also amended the definition of small and emerging private business enterprise to include nonprofit entities and other tax exempt organizations who have a principal office located on land of an existing or former Native American reservation in a city, town, or unincorporated area that has a population of not more than 5,000 inhabitants as an eligible small and emerging business regardless of the number of employees or operating capital of the enterprise.

423. B&I GUARANTEED LOAN PROGRAM FARM BILL CHANGES—EXPANDED ELIGIBILITY CRITERIA

Priority: Other Significant

Legal Authority: 5 USC 301; 7 USC 1989; 42 USC 1480

CFR Citation: 7 CFR 4279, subpart B

Legal Deadline: None

Abstract: Section 6013 of the Farm Security and Rural Investment Act of 2002 adds other renewable energy systems as an eligible loan purpose. Section 6017 expands eligibility criteria for loans to cooperatives and loan guarantees in nonrural areas under certain conditions and expands eligibility and relaxes financial reporting requirements for the B&I Cooperative Stock Purchase Program. It also allows the Agency to require specialized appraisals for the B&I program. Section 6019 requires the Agency to provide a short, simplified application form for guarantees of \$400,000 or less initially. 7 CFR part 4279, subpart B, must be changed to incorporate these provisions of the statute.

425. FISCAL TRANSFER AGENT—SECONDARY MARKET SALES OF GUARANTEED LOANS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 1988; 7 USC 1989

CFR Citation: 7 CFR 4279-A; 7 CFR 4279-C

Legal Deadline: None

Abstract: Section 338(b)(2)(A) of the Consolidated Farm and Rural Development Act (CONACT) authorizes the Secretary, either directly or through a market maker, to issue pool certificates representing ownership of part or all of the guaranteed portion of any loan guaranteed by the Secretary for certain guaranteed programs.

The sale of Government guaranteed loan portions to investors in the secondary market increases earnings, liquidity, and the capital available to lenders. Lenders in the Small Business Administration (SBA) 7(a) loan program are selling loans by using an SBA-approved Fiscal Transfer Agent (FTA) that pools and markets loans on the secondary market. Rural Development seeks to use Section 338(b)(2)(A) of the CONACT to provide the same service to lenders.

426. TANGIBLE NET EQUITY

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 1932(a)

CFR Citation: 7 CFR 1980; 7 CFR 4279

Legal Deadline: None

Abstract: This proposed rulemaking amends 7 CFR parts 4279 and 1980 by modifying the equity requirement considered in the underwriting of business and industry loans by guaranteed lenders and/or the Rural Business-Cooperative Service as follows:

— In the case of direct or guaranteed refinancing loans only, apply an adjusted equity requirement, where tangible net equity is modified by (i) including asset value to the extent of

the difference between the depreciated book value of real property assets and current market value supported by an independent appraisal, or the original loan amount, whichever is less and (ii) family capital subordinated debt, where the subordinated debt is held by and represents a cash infusion to the business by the owner or close family member, and the repayment terms are such that repayment is not ahead of Agency direct and/or guaranteed loan exposure.

— Increase the equity requirement for energy loans to 40 percent for existing businesses (in existence for 3 years) and 50 percent for new businesses. Construction financing is not an eligible energy loan purpose; energy projects that produce biomass fuel, biogas, fuel cells, or batteries as an output must have completed two operating cycles at design performance levels acceptable to the Agency.

CFR Citation: 7 CFR 1782; 7 CFR 1951; 7 CFR 1955; 7 CFR 1956

Legal Deadline: None

Abstract: The Rural Utilities Service proposes to consolidate and amend the regulations utilized to service water and waste loan and grant programs. Unnecessary and burdensome requirements for water and waste loan and grant servicing under the program will be eliminated. The streamlining will allow RUS to provide better service to entities needing assistance in resolving financial and economic problems in their communities and in general improve the quality of life in rural areas.

442. WETLAND CATEGORICAL MINIMAL EFFECTS EXEMPTIONS

Priority: Other Significant

Legal Authority: 16 USC 3821

CFR Citation: 7 CFR 12

Legal Deadline: None

Abstract: The 1985 Farm Bill, as amended, gives producers a major incentive to conserve wetlands by tying eligibility for most USDA program

benefits to conservation of wetlands. However, producers can convert wetlands based on available exemptions, including a minimal effect exemption. A minimal effect applies if the action, individually and cumulatively, will have minimal effect on the functional hydrological and biological value of the wetlands in the area. A categorical minimal effect is one that, when carried out, will always have a minimal effect on the hydrologic

and biological functions of wetlands in the area. These activities will be identified on a regional basis.

449. AGRICULTURAL ACQUISITION REGULATION (AGAR): UPDATES AND TECHNICAL CHANGES (AGAR CASE 2004-01)

Priority: Info./Admin./Other
Legal Authority: 5 USC 301; 40 USC 486(c)
CFR Citation: 48 CFR 401 through 452
Legal Deadline: None

Abstract: The Department of Agriculture proposes to conduct a review of the AGAR to bring it up to date and to make sure correspondence with the Federal Acquisition Regulation (FAR) is maintained. The Direct Final

Rule will amend the AGAR to correct and update internal references to the FAR; to remove sections supplementing material that has been removed from the FAR; and to update designations of USDA offices, where the office designations have changed since 1998. The proposed changes will restore correspondence between FAR sections and AGAR sections.
