Improving Government Regulations; Unified Agenda of Federal Regulatory and Deregulatory Actions

AGENCY: Department of Defense (DoD).

ACTION: Semiannual regulatory agenda.

SUMMARY: The Department of Defense (DoD) is publishing this semiannual agenda of regulatory documents, including those that are procurement-related, for public information and comments under Executive Order 12866 "Regulatory Planning and Review." This agenda incorporates the objective and criteria, when applicable, of the regulatory reform program under the Executive order and other regulatory guidance. It contains DoD issuances initiated by DoD components that may have economic and environmental impact on State, local, or tribal interests under the criteria of Executive Order 12866. Although most DoD issuances listed in the agenda are of negligible public impact, their nature may be of public interest and, therefore, are published to provide notice of rulemaking and an opportunity for public participation in the internal DoD rulemaking process.

This edition of the Unified Agenda of Federal Regulatory and Deregulatory Actions includes The Regulatory Plan, which appears in part II of this issue of the **Federal Register**. The Department of Defense's Statement of Regulatory Priorities is included in part II.

This agenda updates the report published on June 28, 2004, and includes regulations expected to be issued and under review over the next 12 months. The next agenda is scheduled to be published in the spring of 2005, with the next regulatory plan scheduled to be published in the fall of 2005. In addition to this agenda, DoD components also publish rulemaking notices pertaining to their specific statutory administration requirements as required.

For specific agenda items, contact the appropriate individual indicated in each DoD component report.

SUPPLEMENTARY INFORMATION: This edition of the Unified Agenda of Federal Regulatory and Deregulatory Actions is composed of the regulatory status reports, including procurement-related regulatory status reports, from the Office of the Secretary of Defense (OSD) and the Departments of the Army, Navy, and Air Force. Included also is the regulatory status report from the U.S. Army Corps of Engineers, whose civil works functions fall under the reporting requirements of Executive Order 12866 and involve water resource projects and regulation of activities in waters of the United States.

DoD issuances range from DoD directives (reflecting departmental policy) to implementing instructions and regulations (largely internal and used to implement directives). The OSD agenda section contains the primary directives under which DoD components promulgate their implementing regulations.

To ease identification and to differentiate among the variety of issuances reported, they are identified by their DoD internal numbering system, which denotes component level of authority and type of issuance, in addition to the required CFR number.

In addition, this agenda, although published under the reporting requirements of Executive Order 12866, continues to be the DoD single-source reporting vehicle, which identifies issuances that are currently applicable under the various regulatory reform programs in progress. Therefore, DoD components will identify those rules which come under the criteria of the:

1. Regulatory Flexibility Act;
2. Paperwork Reduction Act of 1995;
3. Unfunded Mandates Reform Act of 1995.

DOD

Those DoD issuances, which are directly applicable under these statutes, will be identified in the agenda and their action status indicated. Generally, the regulatory status reports in this agenda will contain five sections: (1) Prerule stage; (2) proposed rule stage; (3) final rule stage; (4) completed actions; and (5) long-term actions. Where certain regulatory actions indicate that small entities are affected, the effect on these entities may not necessarily have significant economic impact on a substantial number of these entities as

defined in the Regulatory Flexibility Act (5 U.S.C. 601(6)).

Although not a regulatory agency, DoD will continue to participate in regulatory initiatives designed to reduce economic costs and unnecessary environmental burdens upon the public. Comments and recommendations are invited on the rules reported and should be addressed to the DoD component representatives identified in the regulatory status reports. Although sensitive to the needs of the public, as well as regulatory reform, DoD reserves

the right to exercise the exemptions and flexibility permitted in its rulemaking process in order to proceed with its overall defense-oriented mission. The publishing of this agenda does not waive the applicability of the military affairs exemption in section 553 of title 5 U.S.C. and section 3 of Executive Order 12866.

Dated: September 28, 2004.
Howard G. Becker,
Deputy Director, Administration and Management.

Priority: Substantive, Nonsignificant**Legal Authority:** 5 USC 301; 10 USC 113**CFR Citation:** 32 CFR 22; 32 CFR 32**Legal Deadline:** None

Abstract: This rulemaking is the Department of Defense portion of a multiple-agency action. The agencies are amending their rules implementing Office of Management and Budget (OMB) Circular A-110 "Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations." The amendments to the rules incorporate updated language in Circular A-110 requiring Federal awarding agencies to

ensure that all data produced under awards subject to the Circular are made available to the public through the procedures established under the Freedom of Information Act (FOIA). OMB updated the Circular language in this way in October 1999, in response to a provision in Public Law 105-277. With this rule amendment to 32 CFR parts 22 and 32, the Department of Defense therefore will maintain policies on access to data produced under awards subject to Circular A-110 that are consistent with the policies of other executive departments and agencies.

Priority: Substantive, Nonsignificant

Legal Authority: EO 12473; 10 USC 47

CFR Citation: 32 CFR 152

Legal Deadline: None

Abstract: The Department of Defense promulgates procedures implementing Executive Order 12473, dated July 13, 1984, calling upon the Secretary of Defense to cause an annual review of

DOD—OS

Final Rule Stage

the Manual for Courts-Martial (MCM) and to recommend to the President any appropriate amendments. Through the annual review process, the Secretary of Defense assists the President in fulfilling his rulemaking responsibilities under article 36 of the Uniform Code of Military Justice (UCMJ); chapter 47 of title 10, United States Code). Under the direction of the General Counsel of the Department of Defense, a Joint Service Committee on Military Justice (JSC) is established with responsibility to conduct the annual review and propose MCM amendments. The JSC also proposes amendments to the UCMJ, as necessary.

This rule updates part 152 to title 32, Code of Federal Regulations, "Review of the Manual for Courts-Martial," to reflect practice and procedures for conducting annual reviews and to change the annual review cycle from concluding with an annual report due to the General Counsel by December 31, instead of May 1. The change in the annual review cycle is due to legislative requirements on affecting JSC responsibilities. This interim rule is provided to afford a 60-day opportunity for public comment prior to issuing a final rule. This rule is intended only to improve the internal management of the Federal Government. It is not intended to create any right or benefit, substantive or procedural, enforceable at law by any party against the United States, its agencies, its officers, or any person.

Abstract: The Department of Defense (DoD) proposes to amend parts 21, 22, 25, 32, 33, 34, and 37 of the DoD Grant and Agreement Regulations (DoDGARS) to implement four Office of Management and Budget (OMB) policy directives, to conform the DoDGARS with several statutory and regulatory revisions, and to make other administrative changes. The four OMB directives that are being implemented: Require Federal agencies to use a new standard format for announcements of funding opportunities; require Federal agencies to electronically post synopses of those announcements at a Governmentwide Internet site; require Governmentwide use of the Data Universal Numbering System (DUNS) number as the universal identifier for recipient organizations; and amend OMB Circular A-133 to raise the threshold of Federal funding at which recipients must obtain single audits. The statutory and regulatory changes with which the DoDGARS are being conformed concern matters such as nonprocurement debarment and suspension, drug-free workplace requirements for grants, and campus access for military recruiters and Reserve Officer Training Corps.

Abstract: This rule implements policy and prescribes procedures for processing and settling personnel and general claims and for processing requests for an advance decision. The Legislative Branch Appropriations Act of 1996 transferred to the Director of the Office of Management and Budget (OMB) the Comptroller General's authority to settle claims. The OMB Director subsequently delegated some of these authorities to the Department of Defense (DoD). Later, the General Accounting Office Act of 1996 codified many of these delegations to the Secretary of Defense and others and transferred to the OMB Director the authority of the Comptroller General to waive uniformed service member and employee debts arising out of the erroneous payment of pay or allowances exceeding \$1,500. The OMB Director subsequently delegated the authority to waive such debts of uniformed service members and DoD employees to the Secretary of Defense.

The Secretary of Defense further delegated his claims settlement and waiver authorities to the General Counsel. This rule implements the reassignments of the Comptroller General's former duties within the Department of Defense with little impact on the public.

Abstract: Amends the Defense FAR Supplement to establish a pilot program that permits contracting officers to use FAR part 12 (Acquisition of Commercial Items) procedures to award follow-on contracts for the production of items begun as prototype projects under other transaction agreements. The follow-on contract must be awarded to a nontraditional defense contractor; must not exceed \$50,000,000; must be either firm-fixed-price or fixed-price with economic price adjustment; and must be awarded on or before September 30, 2008. This change implements section 847 of the National Defense Authorization Act for Fiscal Year 2004 and is intended to ease the transition of nontraditional defense contractors from prototype transactions to standard contracts.

Legal Authority: 33 USC 1319; 33 USC 2104; 28 USC 2461; PL 104-134

Abstract: The U.S. Army Corps of Engineers (Corps) amended its regulations to adjust its Class I civil penalties under the Clean Water Act and the National Fishing Enhancement Act. The adjustment of civil penalties to account for inflation is required by the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended. The adjusted Class I civil penalty under the Clean Water Act will not exceed \$11,000 per violation, with a maximum civil penalty amount of \$27,500. Under the National Fishing Enhancement Act, the adjusted Class I civil penalty will not exceed \$11,000 per violation. Increasing the maximum amounts of the Class I civil penalties to account

for inflation will maintain the deterrent effects of those penalties.

Abstract: Currently, any individual who is a civilian employee of the

We propose to provide an exception to this prohibition to permit these individuals to be authorized CHAMPUS providers if they meet three conditions. First, they must be employed by the Government agency on a part-time basis; that is, less than 20 hours per week. Second, the agency must certify that unique or special circumstances detrimental to the delivery of quality health care exist that can be overcome only by employing part-time, non-Government physicians. Third, the agency and the physician must certify that they understand and have taken appropriate measures to avoid violation of Standards of Conduct, dual compensation, and conflict of interest requirements including protection against referral of patients to the employee's private practice.

claims for beneficiaries with primary health insurance. TRICARE network, non-network but participating, and non-participating providers are all reimbursed differently under current procedures. This has had the unintended effect of discouraging TRICARE network participation since non-network but participating providers receive the most favorable treatment with respect to double coverage calculations. The Department proposes to revise double coverage reimbursement calculations by reimbursing all providers up to 100 percent of the CHAMPUS Maximum Allowable Charge after the primary health insurance has paid or 115 percent for nonparticipating providers.

In implementing this rule, we are limiting this to Reserve Component and National Guard members called to active duty in support of contingency operations. The term "contingency operations" is defined at 10 U.S.C. 101(a)(13). This rule also establishes circumstances under which eligible beneficiaries may enroll in TRICARE Prime for a period of less than 1 year.

Priority: Substantive, Nonsignificant

Legal Authority: 10 USC 55; 5 USC 301

CFR Citation: 32 CFR 199

Abstract: This rule proposes several changes to the TRICARE program that were enacted by Congress in the National Defense Authorization Act for Fiscal Year 2002 (NDAA-02), Public Law 107-107 (December 28, 2001). Specifically, (1) revisions to the definition of durable medical equipment (DME); (2) adoption of the same pricing methods for durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) as are in effect for the Medicare program; (3) clarification that rehabilitative therapy is a TRICARE benefit; (4) addition of augmentative communication devices (ACD)/speech generating devices (SGD) as a TRICARE benefit; (5) addition of hearing aids for family members of active duty members as a TRICARE benefit; (6) revisions to the definition of prosthetics; (7) permanent authority for transitional health care for certain members separated from active duty; and (8) revisions to the time period of eligibility for transitional health care. This rule also addresses a technical correction found in section 706 of the National Defense Authorization Act for Fiscal Year 2003 (NDAA-03), Public Law 107-62, relating to transitional health care for dependents of certain members separated from active duty.

841. TRICARE; ELIMINATION OF NONAVAILABILITY STATEMENT AND REFERRAL AUTHORIZATION REQUIREMENTS AND ELIMINATION OF SPECIALIZED TREATMENT SERVICES PROGRAM

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 5 USC 301; 10 USC chapter 55

CFR Citation: 32 CFR 199

Legal Deadline: None

Abstract: This rule implements section 735 of the National Defense Authorization Act for Fiscal Year 2002 (NDAA-02) (Pub. L. 107-107). It also implements section 728 of the National Defense Authorization Act for Fiscal Year 2001 (NDAA-01) (Pub. L. 106-398). Section 735 of NDAA-02 eliminates the requirement for TRICARE Standard beneficiaries who live within a 40-mile radius of a military medical treatment facility (MTF) to obtain a nonavailability statement (NAS) or preauthorization from an MTF before receiving inpatient care (other than mental health services) or maternity care from a civilian provider in order that TRICARE will cost-share for such services. Further, this section eliminates the NAS requirement for specialized treatment services (STSs) for TRICARE Standard beneficiaries who live outside the 200-mile radius of a designated STS facility. This rule portrays the Department's decision to eliminate the STS program entirely. Finally, section 728 of NDAA-01 requires that prior authorization before referral to a specialty care provider that is part of the contractor network be eliminated under any new TRICARE contract.

Abstract: This interim final rule contains several provisions found in the NDAA-03 (Pub. L. 107-314). Specifically, this rule addresses eliminating the requirement for TRICARE preauthorization of inpatient mental health care for Medicare-eligible beneficiaries where Medicare is primary payer and has already authorized the care using Medicare certification of individual professional providers as sufficient documentation to also certify individual professional providers under TRICARE and expanding the TRICARE Dental Program eligibility for dependents of deceased members.

Abstract: This rule makes administrative corrections to 32 CFR part 199, section 199.10, "Appeal and Hearing Procedures." These corrections include revising section 199.10, adding paragraphs (c)(1) through (c)(5), and making other minor editorial changes. Paragraphs (c)(1) through (c)(5) were inadvertently omitted when the July 1, 1991, edition of title 32 of the CFR was published. The discovery that the formal review process was missing from section 199.10 occurred at the time TRICARE was tasked to promulgate an appeal process for TRICARE Claimcheck denials. This correction to section 199.10 is necessary to provide the required procedures to any party to an initial determination or reconsideration made by the CHAMPUS contractor and who may want to request formal review.
